" A spirited read aloud!" --Publisher's Weekly 1999

Billy Steers is an author, illustrator, and commercial pilot. In addition to the Tractor Mac series, he has worked on forty other children's books. Mr. Steers raised horses and sheep on the farm where he grew up in Connecticut. Married with three sons, he still lives in Connecticut.

Tractor Mac is one of my son's favorites. Can't wait to add the rest to his collection.

My 19 month old son loves loves loves this book! He can't fit enough of the photos in it.

I absolutely love these books... the only reason they don't earn a 5 star for me is because the actual pages are not quite the quality I would expect from the quality of the writing and the illustrations. (Apology and correction - I was wrong. The pages may have felt thin, but my son literally read this book every night for a year and it has held up very well!!!)My husband, father and father-in-law might all love this book as much as my 2 year old! It is adorable and according to them quite accurate. Tractor Mac is the real deal for future farmers and tractor lovers.

My son love love loves these books!!! He can't get enough! And I love the detail and pictures especially right inside the front cover.

Grandson's first Tractor Mac book which i didn't give him. I saw how much he enjoys this book that i bought a copy for a baby shower gift. The invitation asked for everyone to bring a book that the little boy will carry around with him and treasure.

This is a great story.

Really cute book. My son loves tractors and although this is a little long for a 2 year old, we enjoy looking at the photos and I sometimes shorten the story for him.

This was a birthday gift for my great-nephew, age 5. He loves it and wants more Tractor Mac books!
