Touch! My Big Touch-and-Feel Word Book

Synopsis

Child development specialists have shown that children learn best when they acquire knowledge through multiple senses. Not only sight and sound, but touch as well, are critical elements in their development. Children love learning to name objects, and they are in for a multisensory treat with this big book containing 150 words and 30 touch-and-feel elements. Featuring many things familiar in a young child's world—a soft blanket, the smooth skin of a dolphin, a rough-textured sack—this generously oversized volume helps young readers build vocabulary and develop picture and word associations. The perfect baby shower gift!

Book Information

Hardcover: 24 pages

Publisher: Twirl; Ina edition (April 4, 2017)

Language: English

ISBN-10: 2745981781

Grade Level: Preschool and up

Customer Reviews

"Kids will enjoy reading and handling this book."-Kirkus Reviews

Xavier Deneux's chic, bold style and insightful grasp of what makes younger children think, connect, and smile has resulted in over 100 critically lauded books. He is the creator of the My First Slide-&-Play Book and the TouchThinkLearn series. He lives in Paris, France.

There are all kinds of board books, but once again, none quite as fun as the ones Xavier Deneux creates. Yes, these are simply works of art for the preschooler to explore. They're a

wonderful way to introduce the world around us via the sense of touch, a wonderful way to introduce them to the written word. Similar to the TouchThinkLearn books, this is an oversized picture book that can be worked with on a table. No doubt, when you least expect it, the pages of this book will be turning. Homeschoolers will definitely jump at the chance for the opportunity to introduce this tactile marvel of a book to their little ones. Each one or two-page spread introduces an activity or a group of things that are familiar to preschoolers. These pages include Meal Time, Bedtime, Playtime, Bath Time, Clothes, At the Market, At the Table, On the Road, Animals with Short Hair, Furry Animals, Animals with Smooth Skin, Animals with Rough Skin, Animals with Scales and Shells, and Birds. Combined with a wide variety of tactile experiences, this book is an excellent learning tool. The tactile experiences are quite varied and present a wide variety of unique Touch-And-Feel Elements. This is a fun, fascinating book that is the perfect complement to the TouchThinkLearn series of books. Whenever someone wants a recommendation for young children, this is the direction I point them in. These books will definitely awaken any preschooler's sensory system with the Touch-And-Feel Elements, the vibrant colors, familiar items, new words, and little surprises like that sticky piece of toast! The intended age group for this Touch-And-Feel book is 2-4, but for the younger set, I'd certainly recommend some supervision. TOUCH THINK LEARN: TouchThinkLearn: Farm TouchThinkLearn: Vehicles TouchThinkLearn: Baby Animals TouchThinkLearn: Homes TouchThinkLearn: Colors TouchThinkLearn: Opposites TouchThinkLearn: Shapes TouchThinkLearn: Numbers TouchThinkLearn: ABC This book courtesy of the publisher.

This is the best touch-and-feel book I've encountered. It has many more tactile areas, and many beyond the usual ones that are repeated over and over again in the other books. Highly recommended.

Much larger than I expected (a good thing)! High quality pages with bright and unique "touch and feel" pictures.

Got an active little boy (2 years) interested in print. Sweet!

This oversize first word book offers up plenty of opportunities for very young ones to practice their new vocabulary. The book travels from "meal time" to "bedtime", and "play time" to "bath time", showing pictures and words of 6-7 common items. We are then treated to several two page spreads

filled with pictures and words in the following categories: "clothes", "at the market", "at the table", and "on the road". This surprisingly comprehensive first word book then offers up several pages of animals, dividing them up by texture. It's a unique approach that was mostly successful, although I wish the section for "animals with rough skin" would have actually had some rougher textures. That was the only failing in this charming arrangement. The illustrations in this book are uniquely cartoonish, which is great from an entertainment standpoint, but not quite as effective from an educational view. Let's face it, these illustrations are just flat out adorable. The animals all look like baby animals, and the little boy tucked into his cozy bed is a rosy cheeked little cherub. Kids will love turning these pages, feeling the sticky, furry, scaly and rough. Although some of the spreads could have used a bit more realism and a bit less cute, kids will learn some new words and have fun doing it thanks to the unique organization and design of a board book that is surprisingly sturdy and oh so appealing. *Received from publisher for review purposes.

~ review copy received from the publisher MY BIG TOUCH-AND-FEEL WORD BOOK is one of my favorite 'touch' books. What gets it my praise is that it combines all the merits of the better picture-and-name books with the touch-activity that most little ones enjoy. This is a large book (9.8 x 1.1 x 9.8 inches) with boardbook type pages. The images are bright and appealing and each page or page-duet deals with a category such as Meal Time or Clothes. I'll list the groups that covered below, but for Meal Time, for example, the page shows a large baby bottle, a bib, spoon, high chair, sippy cup, bowl and sponge. Categories: Meal Time Bedtime Clothes At the Market At the Table On the Road Furry Animals Animals with Smooth Skin Animals with Rough Skin Animals with Scales and Shells Birds As you can see there is a lot to share so you'll be able to start out by pointing out things your older baby has seen, like the bottle, and move on to naming animals and textures over time. The textures are delightfully broad. Besides the fuzzy soft blanket there is a shiny smooth mirror, and denim pants and a corduroy jacket. I happen to like the fact that the potatoes on the Market page are in a touchable burlap sack, and that the toast on the next page is truly sticky. In my opinion this MY BIG TOUCH-AND-FEEL WORD BOOK would make a great gift or purchase for the home shelves because of the great size, the sturdy pages, and how much material that is inside that you can share with little ones.

Â After trying out this cute children's book, I realized that one needs to SEE the book, not just hear about it. So, I made a video so you can see for yourself. I hope you find it helpful. Advance Review Copy courtesy of Chronicle Books
