Gray: The Complete Collection

Synopsis

A dense black cloud boiled up in the southeastern sky. It rose high and fast, like a time-lapse movie of the birth of a thunderhead. But it was no rain cloud. Wholly black, it reached up and up until it loomed over her, blocking out the sun. Somehow, she knew, it was Death coming for her. Pre-med student Coral is on vacation in Idaho when something terrible happens. The black cloud is followed by a wildfire and searing heat that lasts for days. She survives deep in a cave but emerges days later to find the world transformed, with blackened trees, an ash-filled sky, and no living creatures stirring - except for her. So begins her desperate journey to find water and food and other survivors...and the answer to the mystery of what happened. Note: This is a combined edition of Gray I, Gray II, and Gray III.

Customer Reviews

I'm kind of lazy so I don't always review the books I read . This book truly deserves some praise. The author has taken the time and effort to bring his characters to life and to describe their struggles to survive in truly devastating circumstances . Catal is a gifted author and can take a seemingly routine circumstance and bring it to life print . I'm off now to find more of his books to download .

I am officially in love and upset because I wanted to find the author page to follow him and keep looping after I click on his name to the book page again. I want to see all of his other books, because I listened to this book all day and half the night, just could not stop. I wish it would have

kept going on. We need more info on this author. Audible, you did good, we need more.

I just finished the last book in this wonderful set. I wished I wasnt in such a hurry and had discovered all three books in one!!! That said, This series is SOOOOO GOOD!! A MUST READ!!! The pace was perfect. The suspence at times nerve-wracking. The characters endearing, WOW I LOVED IT!!!!!! Also I appreciate it being available on KINDLE UNLIMITED!!

Read the books individually the first time around. Have to say I enjoyed them even more reading the series straight through. Seems to me that there has been additional editing too. Cadle is definitely in my top ten list of "new" authors.

My favorite kind of story. Seemed so real, I could picture scenes in my mind. Realist writing and a fantastic find.

Still waiting for the fourth installment. I've read this twice now....

Wow..great book, I read through these three in just a few days. hard to put down!

This was a very good read. I can see this happening. I hope it doesn't happen, because people today don't have the mine set to remember.
