Angelo Tropea is an expert at preparing candidates for civil service examinations, and national exams such as the New Citizenship Test. By means of books, software, film and personal presentations, he succeeds in turning what is difficult into something easy and fun to learn. This applies especially to the Citizenship Exam.

I love the options this ebook has. Flashcard and all the information . It is very good . Of course its the 100 questions that you are require to learn but it also gives more information about the history behind the question When you buy this kind of books be sure to buy it up to date. I feel is a little overpriced BUT if you need to buy this to study for Citizenship is a good choice.

I purchased this resource to use within a Civics classroom. It is a wonderful text to have as a teacher. It provides quick lessons to be used throughout the course. I was very pleased with this purchase.

Excellent

Great book, to the point, does a great job of explaining the answers to the questions. Price can't be beat.
