Walking On Jersey (Cicerone Guide)

Synopsis

The 24 walks in this guide use good paths and tracks as well as quiet country roads, while occasional more rugged paths explore the island's excellent cliff coastline. The walks take in plenty of interesting historical sites as well as formidable castles and churches. There are also many museums and attractions to visit along the way. Walking is generally easy, though short walks can be joined together to create longer challenges, such as the Jersey Coastal Walk, and the Channel Islands Way. Famous for its sunshine, history and wonderful coastline, Jersey is an intriguing destination for travellers. Outwardly British but with French overtones, it is a compact island often busy with visitors - who have a lot to fit in if they want to experience everything the island has to offer. With its companion volume, *Walking on Guernsey*, offers a comprehensive guide to the walking on the Channel Islands.
