Synopsis

See the best of Barcelona with this streamlined walking guide, complete with 13 step-by-step itineraries and maps, to help you explore the city like a pro and navigate like a local. Created in a handy, take-along format, this guide is written by a seasoned travel writer to help conjure the spirit of the place in elegant text enhanced by National Geographic's famous eye for good pictures. More than just a guidebook, *Walking Barcelona* is full of information about the city and its people. The guide is divided into the following sections: The Whirlwind Tours section shows you how to see the entire city in a day or a weekend; what sites will interest kids most; plus, a hedonist's tour that's pure pleasure from dawn to midnight and beyond. The Neighborhoods section of the book presents the city broken down into eight itineraries that lead you on a step-by-step tour to the best sites in each of the city's greatest neighborhoods--from Ciutat Vella and Barceloneta to Barri Gotic and the Rambla to the Eixample and Uptown and beyond. Each itinerary includes such special features as "Distinctly Barcelona...", highlighting quintessential aspects of the city (coffee & cava, the Catalan culture, and soccer); "Best Of," providing specific thematic groupings of sights, such as city views, sporty Barcelona, and Barcelona-style nightlife; and "in-depth" spreads that take a deep dive into a major museum or other iconic sight along the route. Travel Essentials provides information on how to get to the city and how to get around once you're there, as well as hand-picked hotels and restaurants. *Walking Barcelona* is part of an exciting pocket-guide series from National Geographic that showcases the world's great cities. Travelers will find top-notch, streamlined, and useful local knowledge that goes beyond the Internet basics to ensure a rewarding, authentic, and memorable urban experience.

Great travel book...this series of travel books are easy to carry and get you through the best parts when you have limited time especially.

Helpful in that it provides options for short-term visits and/or long-term stay. Clear outlines, what to look for, background information for sites. Very useful.

Very well put together travel guide.. Much factual information, and recommended routes, sights, restaurants and things to do all put forth in a very helpful manner, lavishly illustrated,,as one would expect from any publication of The National Geographic Society..

I used the Walking Rome book every day on a month-long stay in Rome. It was fun to pick a different neighborhood to explore each day! The book size is smaller and easy to carry around. I'm looking forward to using the Walking Barcelona book on a future trip!

We used this guide for our week trip to Barcelona and it worked out well. We did one city walk for each day we were there. Plenty of good exercise and a nice variety of good walking tours. A really nice way to see all of Barcelona.

Clear, concise...very useful in planning our recent trip to Barcelona...

I didn't find this anywhere near as helpful as the Rick Steve's book.

Great information regarding day trips
