Action Writers' Phrase Book: Essential Reference For All Authors Of Action, Adventure & Thrillers (Writers' Phrase Books Book 3)

Synopsis

GET TOUGH ON WRITER'S BLOCK! #1 bestselling author Jackson Dean Chase shares the secret weapon every writer needs! Build your mental muscles with the Action Writers' Phrase Book—it's the perfect workout to inspire creativity for writing Action, Adventure, and Thrillers. Arranged for quick, easy reference, you get over 2,000 killer ways to describe combat and strong emotions, including: Blades, Bows, Corpses, Explosions, Fistfights, Guns, Lasers, Strangling, and more! The book comes fully loaded to fight modern, historical, and future battles—everything from cyberpunk to science fiction. Plus it contains weather, wild animals, writing exercises, and tips and tricks for creating more effective fiction. Before using this book: "He shot him through the chest." After using this book: "The bullet crunched through his ribcage and slammed him into the wall." Or, take this boring sentence: "The archers aimed at the enemy and fired." And turn it into: "The arrows screamed and the sky grew black with death." The Action Writers' Phrase Book is the perfect tool to put even the most stubborn case of writer's block in the hospital. When you buy this book, you're not just getting a reference guide, you're unlocking a proven, cost-effective solution to save time and generate more ideas than any other action/adventure/thriller guide on the market. Try it now. Unleash the power and decide for yourself! (* IMPORTANT NOTE: This book's content overlaps with the Horror Writers' Phrase Book and the Post-Apocalypse Writers' Phrase Book, also by this author. Each book is a stand-alone product, and you do NOT need to buy more than one. There is not much new material introduced in the Action Writers' Phrase Book that is not already covered in the previous two books in the series; instead, it strips out all the magic, monsters, and doomsday material to serve a new market of action, adventure, and thriller authors—those who don't need a book targeted toward horror or post-apocalypse fiction. Future volumes covering Fantasy and Science Fiction will offer substantial new content—watch for them in 2016. Here's what readers have to say about the Writers' Phrase Books series: "If you're a writer, content creator, blogger, or just looking to expand your knowledge and vocabulary, this is a really great piece of work." --Kindle reviewer "...Made me feel even I could write a book... [These guides show you how] to grab a reader's attention and hold it." --Tome Tender "...A useful tool for any writer to have in their box of tricks. It's also a fun read and a way to kick start your creative juices." --Kindle reviewer

How Do I Use This Book? This book isn't designed to replace your creativity, it's intended to enhance it: Use the descriptions as writing prompts. Use the descriptions "as is" or you can mix-and-match to create new ones. Reading the book can help you beat writers' block. This is a book of ideas and inspiration for authors at every level, including fan fiction. If you think you know everything about how to write, no book can help you. But the truth is, nobody knows everything. We can all improve our writing.

This book is one way to do it.

Customer Reviews

If you write action,mystery,or horror, as I do, thisphrase book will be a very useful weapon to havein your arsenal.It covers just about everything you may be lookingfor in different types of action scenes.Even though Mr. Chase says, feel free to use or copyany of the words and/or wording in the bookHe also states that this is a helpful guide to build your own ideason.Because, when all the dust settles and the Centurions haveretreated,dragging their bleeding dismembered fellow combatantswith them, it all comes down to your words.Your writing, not someone else's.So, use the, Action Writers' Phrase Book, as a guide to finish thosesscenes you want your readers to remember even after they have readyour book.As that will make them look for more of your works.Which as we know, fellow writers, is what it is all about.More books.....more sales.

Excellent!

This is a great tool for thriller writers.

This book is packed with amazing phrases to jump-start your creative juices. If you want to add some action to a scene, this is the book for you. While it covers the action, adventure, and thriller genres, it could easily be used for any genre that needs scenes like that, from fantasy to science fiction. Just pick your subject from the menu and use as needed. Mix-and-match descriptions, use your own wording, or use what's there. You can use his book a million different ways to break writers block. Jackson Dean Chase has really hit a home run for writers of books, blogs, even papers for college English classes. I highly recommend it to aspiring authors. This book was given to me in exchange for an honest review.

I think this is a handy tool for writing of any kind. It's catered specifically to an action-writing audience, I think that shoe fits perfectly; however, there are a ton of great ideas in this book just waiting to be transferred into hundreds of different applications. If you're a writer, content creator, blogger, or just looking to expand your knowledge and vocabulary, this is a really helpful tool.

I've had the Horror Writer's Phrase Book for quite some time now, so I've been reluctant to buy this one because there -is- some overlap on some of the weapons (mostly the gory ones). But I finally bit the bullet (no meaty splats necessary) to get this one after a scene had me pinned down with no place to go. The phrases on gunfights, hacking past security systems, and flame throwers was really helpful. I wish there'd been a bit more about car chases (not just death during car chases, but other stuff), but except for that, this is pretty comprehensive. "The bullet passed through his lung with a meaty splat..." Yup. That's about what I needed.
