Customer Reviews

Just received this booklet..blank areas within the pages with many of the theses missing. Blank space for 10-11, blank spaces for 13-20, blank spaces for 22-25 and many more blanks. However, the associated explanations are in the book. Do not order this booklet.

Simply a statement of the thesis. No commentary or other material. The description seems inaccurate.

I especially like the modern-language commentary on the left side. It makes the theses much more understandable, something I need as a college student studying classic political theory.
