Manual De Gramática Y Ortografía Para Hispanos (2nd Edition)

Synopsis

Manual de gramática y ortografía para hispanos was designed specifically for those students who speak Spanish at home and therefore have some proficiency in speaking the language but who, at the same time, have not yet mastered all aspects of grammar and the written language. Manual de gramática y ortografía para hispanos is a first-year course that covers the common core of first-year material, but is geared to native speakers. It focuses primarily on grammar and spelling while emphasizing speaking, reading and writing in Spanish. MySpanishKit does not come automatically packaged with this text. Customer Reviews

This is an excellent book for those who can study totally in Spanish. It is very difficult, since it is actually written for hispanos, but for advanced bilingual students, it is the best. I ordered the answer key to go with it so that I could self-correct at home.

Llegó a tiempo y la calidad del libro es genial. Muchas gracias. I needed it for college. I wish it had more information about learning about HIATOS when we were learning about diptongos y triptongos... but I like it

The book itself was fantastic. I did have to return it because the College course required a book with an online coursemate not offered by .

Really in good condition! I'm using this book for two semesters!

Great book! Nothing bad to say.

the book was in bad condition. Dirty pages

Book was exactly what I needed for my Spanish class. Do I recommend personally, well it corrects anyone who knows Spanish that is forgetting their grammar and such. So yes i recommend.

First off, Customer service was great i needed this book overnight and they had it sent over immediately. Very friendly and helpful would definitely go back myself and recommend to others as well. -Maira
