This may be the single best childrens book we have ever invested in for our boys. The theology is age appropriate for little ones, easy to understand and full of reassurance and encouragement. I love the pages where it lets them know that Jesus loves them even when they misbehave or make mistakes. A great read that my son asks for again and again, and we feel excited to keep turning his young heart to Jesus at such a tender age each and every time we read it. I highly recommend this book to any and all Christian parents and parents-to-be. In fact it may be the perfect item to gift at baby showers.

I bought this book for my 2.5 year old son and he loves it! He asks for it by name every night, and even talks about "making mistakes" now. The message is so powerful! We do our best so that others may see Jesus inside us. Sometimes we make mistakes but Jesus loves us more than we'll

ever know, no matter what. The book ends with a short verse that I love to read as a prayer to my son. Such a great book, I'll definitely be buying some as gifts in the future!

When given a choice of books to read this has become one of my Granddaughters favorites. She loves to add extra words to it to make it more fun and show me where Jesus is living. A great start to help them understand about Faith in Jesus as well as toleration of all people and God's creatures.

Not what I expected. (I was thinking kids version of gospel-but didn't read description if there is one). I find myself referencing this as positive reinforcement for my 4&5 yr old boys when we see them or someone else doing something Christlike. It's kind of a "how to live Christlike for little kids." Both my boys like it a lot even though at first I thought it would be too juvenile for my very smart 5.5 yr old. Great book and easy to apply principles daily!!!

This book is so beyond adorable. The words are so sweet and really encourages Godly interactions for children and how God can use children as His light.

I've read the book a few times with my kiddos. It's cute and has nice pictures. I assumed it would be a little more indepth about the topic in the title . . . not sure how that would have gone over with them. Probably is more age appropriate than what I was wanting to discuss. Wish I had read it first, then I would've known what I was getting.

I love this book, I read it to my grandchildren. This makes it very easy for children to understand the concept of asking Jesus to live in your heart.

This was purchased for our pre-school class. The book was just as described and arrived very quickly. Thank You!
