Collins Ultimate Scrabble Dictionary And Wordlist: All The Official Playable Words, Plus Tips And Strategy

Synopsis

You can now check valid Scrabble words and definitions on your Kindle, settling all Scrabble squabbles once and for all. Never again will you have to debate whether a word is playable in Scrabble, here you have them all! We advise you do not set this as your default dictionary. Compatibility & Functionality If you have any issues with this, please contact dictionaries@harpercollins.co.uk • Basic Text Search works on all Kindle devices • Index lookup works on all Kindles except Kindle Fire and Kindle Fire HD • We recommend that you do not set this as your Default Dictionary for Kindle as it is not a standard dictionary, choose Collins English Dictionary instead • Search across the full wordlist by headword. • Headword search via keyboard input is supported on Kindle for Mac and Kindle for PC. We do not recommend our Kindle dictionaries for use on Kindle for Android or Kindle for Blackberry as headword search is not supported on these devices. How to Search on a Kindle? You can open and search the dictionary directly via keyboard input. For Kindle Paperwhite, you can do this by looking up a word, selecting More and then selecting Open Dictionary. For other models, you need to access the dictionary from your home page in the same way you would access a Kindle book. In dictionary browse mode, start typing the word you want to look up, and you will see an index of words in the Dictionary that start with the letters you have typed in. Navigate to the word to select it and view the dictionary entry. With over a quarter of a million permissible words, including inflected forms, this is the most extensive Scrabble dictionary ever published and is the ideal adjudication tool for anyone playing Scrabble. Endorsed by Mattel and WESPA, the World English-Language Scrabble Playersâ™ Association and is the essential reference for all Scrabble players. SCRABBLE® is a registered trademark of J. W. Spear & Sons Ltd., a subsidiary of Mattel, Inc. © 2015 Mattel, Inc. All Rights Reserved.

Customer Reviews

"Ultimate" certainly describes this Scrabble guide! With 276,663 official Scrabble words, it's the only book we need when playing this beloved game! The type is small as one would expect yet it's surprisingly very legible. If you are a "PC" person, this book may not be for you. EVERY word, even "offensive" terms, are in this book so be forewarned. Of course, no one forces a player to use any of those terms but sometimes it may be just what one need to win the game. I have purchased other Scrabble guides over the past 40 years but this one is going to be my all-time favorite. I almost bought the Collins Scrabble Wordlist instead but I like to know the meaning of the words we are making. The definitions are terse but quite adequate. I only wish I would've found it years ago!

This dictionary needs to be updated. Many "not so new" but commonly used words are not included. It should also have more multinational flavour.
