Yours, With Love (Finding Love Book 5)

Synopsis

An unexpected inheritance brings Ellen back to her hometown of St. Marys. After an absence of ten years, she never expects to run into Quinn, one of her sister's old boyfriends and her teenage obsession. If it's true that it's a small world, it's also true that it can be a cruel one. The good-looking eighteen-year-old who touched her young heart is no more. In his place is a man whose life has been torn apart by tragedy and loss. There was a time when Quinn believed love could conquer all; that there was nothing it couldn't overcome. Losing Avery changed all that. Her rejection was a painful lesson in the limitations of human love. Ellen's sudden reappearance in his life is a complication he didn't anticipate. She epitomizes everything he wants and everything he can't have. Her touch awakens not a sleeping giant bent on destruction, but a tormented soul desperate for affection and acceptance. Is love a shallow emotion that flees at the first sign of adversity or will it wait forever for the one whose heart it seeks?

Customer Reviews

I liked this story. It was so tender, forgiving, and very beautiful. Ellen and Quinn new each other

years ago when he was dating her older sister. Ellen who was 5 years younger at the time, had a major crush on Quinn. Now almost 15 yrs later they meet once again. She is so excited to see him again, but she did have to wonder how he'd gotten the scars that marred one side of his once perfect face. Quinn still struggles with disfiguring scars that his fiancée could not stand to see, so she broke their engagement. So if someone who had professed to love him enough to accept his marriage proposal couldn't stand to look at him, then how could anyone else? Ellen's love for Quinn is unconditional. Now she just has to make him believe it, or walk away for good. But Ellen's not one to walk away so easily, but will Quinn finally realize how deeply she feels for him before it's too late?

Ahh, childhood crush that finally gets the chance to be the real thing. Ellen and Quinn's love story was both heartbreaking and heartwarming. Quinn was already devastated and believed that no woman would ever love him, since he was disfigured in a bomb blast and his fiancée couldn't even look at him and returned the ring through the mail. When Ellen and Quinn meet again it has been years. She sees beyond the scars, but Quinn believes it's just a carryover from the crush she had when she was thirteen. The relationship was like a roller coaster, every time Ellen pushed forward and thought she made progress, Quinn would back off and avoid her, but he couldn't stay away. I loved how this back and forth relationship was depicted. The story just drew me in and I had to find out how this happily ever after was accomplished. Great story.

I loved the story. The h and H were great. Beauty and Beast theme lines are my favourite. So, why the 3 stars? If the H is so scarred that grown people talked about him and were mean, do you honestly think he would have been a successful pediatrician? The kids would have screamed when he walked into the room. Parents would have taken their kids to someone else. End of story. Good clean story. Would recommend to all ages.

Great.....I have enjoyed reading all your books. Finding love and happiness is the most gratifying. I'm almost 70 and I enjoy reading so much and your books are addicting. Keep up the great writing.

This was so sweet! This couple was so great together. What great characters with such great chemistry. This story told what real love is all about.

This entire series has been full of so much romance and wonderful characters with unique life stories! Thank you to the author.

Love heals like nothing else--and Ellen and Quinn discover this beautiful fact after they learn to trust each other! Beautifully written with heart experiences along the way. Delaney Cameron's writing is delight to say the least.

I absolutely loved it. Ellen's unconditional love and support was amazing. There was no pretense, just patience and allowing him space. It was very vivid, very real. I loved the ending.
