I Ching, The Oracle Of The Cosmic Way

Synopsis

This I Ching was written under the guidance of the Sage that speaks through the I Ching oracle. It shows the Cosmos as a system of harmony, the principles of which are clearly described in its 64 hexagrams.// The purpose of consulting the oracle is to inquire, before an undertaking, whether you are in harmony with the Cosmic Way. When this is confirmed by the words 'success,' or 'good fortune,' whatever you do will be supported by the invisible helping forces of the Cosmos. When your attitude is discordant, the oracle predicts 'misfortune,' meaning that these helping forces will not support what you do. The answers of the oracle are not to be taken as fortune-telling, but as reflecting the cosmic consequences of your attitude toward your goal. All counsel given by the I Ching is directed toward helping you return to harmony with the Cosmos. To do this you are being given a deeper understanding of the principles of Cosmic Harmony that are involved in the issue at hand. In the light of these principles you will be able to recognize particular mistaken ideas that are the cause of your discord, or misfortune. This book is the first I Ching oracle that shows you how to deprogram the obstructing ideas, and thus reunite with the Cosmic Harmony. / Also presented in this book is an innovative method of communicating directly with the Sage that speaks through the I Ching. This method allows you to clarify its message until it assures you that you have reached an adequate understanding. Regularly consulting the I Ching in this way leads to clarifying insights into your life's purpose, and to a pronounced increase in your own creativity. It was through this method, in combination with meditations and dreams, that the Sage gave the authors the completely new perspective on the nature of the Cosmos, human nature, and the place of humans within the Cosmic Whole described here. Rather than presenting you with fixed answers to every problem, this book allows the Cosmic Teacher called 'the Sage,' to show you your own path to insight and inner guidance.

Customer Reviews

This book is an enthusiastically recommended addition to any personal, professional, academic, or community library Metaphysical Studies collection. --The Midwest Book Review, 2002
Removing the Ego as the defining agent of reality releases awareness to reinhabit the natural world. --Jose Cedillos, Ph.D. Prof. of Consciousness and Creativity Studies, The Union Institute.
The feeling of freedom and relief starts virtually the day after you say your first inner No; it only gets better as the experiences deepen. --Brian Donohue, M.A., Psychology

Carol K. Anthony and Hanna Moog.// Carol Anthony, b. 1930, began her study of the I Ching in 1971, during a mid-life crisis. The help that she received made her an avid student of the I Ching. After 7 years of keeping notes on her experiences with the oracle, she published these notes in 1979 under the title, 'A Guide to the I Ching.' It was followed by 'The Philosophy of the I Ching' in 1981, 'The Other Way,' in 1990, and 'Love, An Inner Connection,' in 1994.// Hanna Moog, b. 1946, has been a translator of English books on the I Ching into German, before she put out a collection of essays under the title 'Leben mit dem I Ging. Erfahrungen aus Kunst, Therapie, Beruf und Alltag.' ('Living with the I Ching. Experiences in the Arts, Therapy, and Professional and Everyday Life'; Diederichs, 1996). She also contributed as a translator and commentator to the book 'I Ging, Das Orakel- und Weisheitsbuch Chinas ('I Ching, The Oracle and Wisdom Book of China'; Knauer, 1994). Ms. Moog, who has a master's degree in National Economics, and diplomas in French and English, came to the I Ching in 1982 during a personal crisis. Although she had no one to teach her the I Ching, she allowed it to speak to her feelings. 'I was deeply touched by its answers. I realized that no human being would have been able to characterize, as it did, my desperate situation so perfectly. At the same time, it gave me the deep certainty that there was something good in my life waiting to be discovered...something that meant growth, and a new kind of life; something that would truly fulfill me.' Consulting the Richard Wilhelm translation of the I Ching daily, she felt that she often only got a glimpse of what it was saying, but she decided to keep her mind open so that a deeper understanding could take place through experience. Her dedication to the I Ching began to open more and more doors to being invited to speak and write about it. In 1985 she became a free lance editor for Eugen Diederichs Verlag, the publishing house that had first published the Wilhelm

translation, specializing in editing books and translations on the I Ching, Asian philosophy, and mythology.// Carol Anthony and Hanna Moog began teaching and writing together in 1998. In 2000, they founded The I Ching Institute in Stow, Massachusetts, and have since then continued to give lectures and seminars in both the U.S. and Germany on the I Ching.

I have about 4 i Ching books, this one has added another language within an already cryptic ancient divination language. Terms like.. "The inner no", heavenly "helpers". It makes it rather difficult to read, more than other versions i have and feels a little too off with the fairies for my liking.- I did *not* receive a discount for this review

Very interesting version!

Still getting through this book. It is Quite powerful and not one you can rush through. You must take your time. Life changing

Best version of the I Ching I have ever found! I love the explanations of each hexagram. I find the appendices in the back very helpful. Lessons on "How to strengthen and free the true self," and "How to consult the Sage through the oracle" are simple easy instructions for anyone to follow. I recommend this book to many of my patients when they are feeling a little lost and confused and not connected to their inner-truth.

A must for everyone that suffered from a burn-out !

As a long time student of Zen, Taoism, Chi Kung, Taiji & Baguazhang I cannot praise this version of the I Ching enough. It has made my many other versions almost useless. This version is stripped down to the essential issues. It resolves so many of the inconsistencies that may have confused you in other versions. It will also dramatically enhance your chi kung, meditation or internal martial arts practices. Built into this version is a failsafe that helps make sure your readings are sound. This is a very important feature that has clearly always been there, but has been obscured in the past by faulty interpretations of the I Ching's purpose & application. Any serious student of Zen or Taoism will immediately notice how cogently it speaks & how it resolves so many problematic issues. It is truly remarkable & transformative. Carol Anthony & Hanna Moog & their wise benefactors have made a critical contribution to humanity.

I bought this as a present for someone, who now wants to read other books by Carol Anthony and Hanna Moog

Well written and easy to use...
