I absolutely love this series. I stumbled on it from a blog I follow and let me tell you that I haven't

looked back. These books can be read as standalones but I do have to say stop and get Dax. You won't be disappointed. This is a new mc world for me. Its so unique and is a nitty gritty world. Loved ever minute of Cody. He went into prison at a young age for revenge. He comes out a different man to a different world. His best friend and his girl are hiding a big secret. All the while he still has some unfinished business that the Skulls need to know about. Dax stepped up for Cody in a way only a real man can. My heart just over flowered with emotions. They had a connection that stayed strong will he got out of prison. I love Dax from his book but Cody has a special place in my heart. I wanted to beat up Macy and Jimmy like okay I get the connection they felt but come on why can't you have waited. Then Harley what a Woman. She was perfect the goings ons in the club made for some great action. I am a Southside Skulls girl for life.

Awesome twists and turns in the captivating storyline and hot sex too! Keep up the great work! This wasn't even a copy and paste book from the original!!

Cody had such a hard upbringing, abuse and neglect from both parents. His saving grace was his brother who was taken away from him in such a vicious way. Prison , then getting out and going back to the MC helped him come full circle. He has a serious love and a chance for a good life.

I love Jesse Cookes work. I love the Southside skulls and I'm about to get into book 3, I can't wait to dive in and read Gunner's story.

Enjoyed reading this book and reading about the characters and their story. Looking forward to reading more from this author.

This was all bad for this hero. But with good bad guys he grew to be a better person than even be thought.

Good
