Textbook Of Veterinary Physiological Chemistry, Third Edition

Synopsis

Bridging the gap between basic and clinical science concepts, the Textbook of Veterinary Physiological Chemistry, Third Edition offers broad coverage of biochemical principles for students and practitioners of veterinary medicine. The only recent biochemistry book written specifically for the veterinary field, this text covers cellular-level concepts related to whole-body physiologic processes in a reader-friendly, approachable manner. Each chapter is written in a succinct and concise style that includes an overview summary section, numerous illustrations for best comprehension of the subject matter, targeted learning objectives, and end of the chapter study questions to assess understanding. With new illustrations and an instructor website with updated PowerPoint images, the Textbook of Veterinary Physiological Chemistry, Third Edition, proves useful to students and lecturers from diverse educational backgrounds. Sectional exams and case studies, new to this edition, extend the breadth and depth of learning resources. Provides newly developed case studies that demonstrate practical application of concepts. Presents comprehensive sectional exams for self-assessment. Delivers instructor website with updated PowerPoint images and lecture slides to enhance teaching and learning. Employs a succinct communication style in support of quick comprehension.

Book Information

Paperback: 786 pages

Publisher: Academic Press; 3 edition (August 4, 2014)

Language: English

ISBN-10: 0123919096

ISBN-13: 978-0123919090

Product Dimensions: 1.5 x 8.5 x 11 inches

Shipping Weight: 4.6 pounds (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars 2 customer reviews

Best Sellers Rank: #670,430 in Books (See Top 100 in Books) #40 in Books > Textbooks > Medicine & Health Sciences > Veterinary Medicine > Food Animal #76 in Books > Medical Books > Veterinary Medicine > Anatomy & Physiology #87 in Books > Medical Books > Veterinary Medicine > Bovine Medicine

Customer Reviews

"...an outstanding reference for anyone who needs to tie physiology, biochemistry, nutrition, and disease together...an excellent textbook that is filled with facts...a strong addition to the veterinary

literature." --JAVMA "Strengths of the book include the concise but thorough coverage of material and excellent, instructive figures and tables." --Doody's

Bridging the gap between basic and clinical science concepts, the Textbook of Veterinary Physiological Chemistry, 3rd Edition, offers broad coverage of biochemical principles for students and practitioners of veterinary medicine. The only recent biochemistry book written specifically for the veterinary field, this text covers cellular-level concepts related to whole-body physiologic processes in a reader-friendly, approachable manner. Each chapter is written with a succinct and concise style that includes an overview summary section, numerous illustrations for best comprehension of the subject matter, targeted learning objectives, and end of the chapter study questions to assess understanding. With new illustrations and an instructor website with updated PowerPoint images, the Textbook of Veterinary Physiological Chemistry, 3rd Edition, proves useful to students and lecturers from broad, diverse educational backgrounds. Sectional exams and case studies, new to this edition, extend the breadth and depth of learning resources.

Key Features

- Provides newly-developed case studies that demonstrate practical application of concepts
- Presents comprehensive sectional exams for self-assessment
- Delivers instructor website with updated PowerPoint images and lecture slides to enhance teaching and learning
- Employs a succinct communication style in support of quick comprehension

About the Author

Larry Engelking holds B.S. and M.S. degrees in biology from Idaho State University, and a Ph.D. degree in physiology from Kansas State University. He has held post-doctoral research positions at the University of Florida Veterinary School and the University of Alabama Medical School, teaching positions at Harvard University, and professorial positions at Tufts University. With over 35 years of teaching and research experience, Dr. Engelking is an expert in the fields of biochemistry and physiology.

great

These are so great! my best friend need it , next day arrive. Thin and sharp. Well excellence. Great product. it is recommend.
