Assimil Pack Italian With Ease - Book Plus MP3 CD (Italian Edition)

Synopsis

The Assimil method for teaching foreign languages is through the listening of audio cd's and the reading of an accompanying book, one side native language, one side foreign language. This method is focused on learning whole sentences, for an organic learning of the grammar. It begins with a long passive phase of only reading and listening, and eventually adds active exercises. Most books contain around 100 lessons, with the active phase starting on Lesson 50. The word Assimil comes from assimilation. Several different series are published: With Ease series, which teach basic rules of grammar and a vocabulary of 2000-3000 words; Perfectionnement series, which teaches more advanced idiosyncrasies and idioms of the target language; Business series, which focuses on vocabulary related to international business; Idioms series, which teaches common idioms;

Customer Reviews

I love this book (and CD that comes with it). I already knew some Italian, so I was not a complete beginner, but book and CD are very helpful to start conversation in Italian.

I like this book with MP3 because I prefer to learn by listening. The lessons are short - it's perfect to me - and right from beginning I can learn and use some practical words and sentences. Grazie mille!!

WARNING: BE SURE YOU ARE BUYING THE MOST RECENT EDITION THAT WAS PRODUCED IN NOVEMBER, 2015, IF YOU WANT A PRODUCT THAT IS MORE CURRENT!! I will not exhaust

myself with praises for the old edition of Assimil for Italian. I love it. The 5 stars are for that edition. I have not yet received my new edition. BE AWARE that probably all editions from 1994 until the November, 2015 update that is in fact an update, are probably all the same sound files and same text, with only the binders on the books, the packaging for the boxes, and the cover art on the CDs being the changes from prior years until the new update in November, 2015. You can tell as you will see in, e.g., 2009 editions that the references in lessons that refer to currency uses the old Italian lire. Bank notes for the Euro were issued in Europe in 2002, and even as early as 1999, however, was used "virtually" for transactions. After having worked my way through Assimil using a famous polyglot's shadowing method, I wrote to Assimil's French headquarters in December, 2015, which informed me that they had updated, as of November, 2015, their Italian language program. The new edition is 100 lessons. The old edition is 105 lessons. I was unable to find the new edition anywhere on .com so I ordered the new edition on .it as it was a good deal cheaper than buying it directly from Assimil in France.
