Best Sellers Rank: #1,939,451 in Books (See Top 100 in Books) #66 in Books > Teens > Art, Music & Photography > Performing Arts > Theater

Customer Reviews

pretty informative book that was helpful before auditions to a local performing arts center!

great, and very happy. just fine. for a host , low price. As a professional chef i need and use top quality knives. I have a number of well known brands and most are high quality. This product, however, particularly because of the price, is as good or better than most all of them. I am buying now just to have at this price. Don't wait get it, or get two.

For only 64 pages, this book is packed with basics of lighting, props and costumes, as well as, learning your lines! It offered my 7 year old "wanna be actress" an awesome history of acting, types of theatre, and definite do's and don'ts. An awful lot of "homework" and work went into this book! Diagrams, colored photographs and lots and lots of information!

This book has all the information needed for someone of little experience to be able to put on a show. It covers every aspect of theatre (whether costumes, lighting, or acting). I was amazed by the simplicity of the writing while it covers technical areas like sound. It does not go in depth at all on acting, which is a bit dissapointing for an actor like myself, but if nothing else, it will suffice.
