Instructional Coaching: A Partnership Approach To Improving Instruction

Synopsis

An innovative professional development strategy that facilitates change, improves instruction, and transforms school culture! Instructional coaching is a research-based, job-embedded approach to instructional intervention that provides the assistance and encouragement necessary to implement school improvement programs. Experienced trainer and researcher Jim Knight describes the "nuts and bolts" of instructional coaching and explains the essential skills that instructional coaches need, including getting teachers on board, providing model lessons, and engaging in reflective conversations. Each user-friendly chapter includes: First-person stories from successful coaches
Sidebars highlighting important information
A "Going Deeper" section of suggested resources
Ready-to-use forms, worksheets, checklists, logs, and reports

Moxley, Principal 2006-08-25)"Provides valuable insight for mentors who are in the field working daily with novice teachers." (J. Helen Perkins, Assistant Professor 2006-08-28)

As a new instructional coach, this book has served as a guide in setting me off on the right foot toward a successful career. I've been able to transfer countless lessons I learned from this book into my career as a coach. It entices self-reflection and motivates almost as though Jim Knight were sitting in front of you coaching you on coaching. Definitely a page-turner! Highly recommend!

A wonderful approach to Instructional Coaching that is full of resources and references to investigate the topic even further. If interested in Coaching, this is a priceless guide.

And authoritative book obviously written by someone with a good deal of experience I found it very helpful to augment my coaching work.

Great resource for learning about the full scope of instructional coaching.

Jim Knight is one of the leading researchers in the field of instructional coaching, and this book is a "must have" book for anyone researching, working with, or in an instructional coach position. He has a coaching center at the University of Kansas, is easy to reach by email with questions, and has a great website and blog, too, to keep up-to-date as a coach!

need for a class not a good read

Informative but common sense to a teaching professional.

This book was exactly as reported. Very quick arrival and condition was perfect. I was very pleased with this purchase.
