Stan Lee is a legendary American comics writer, editor and the former president and chairman of Marvel Comics. He has conceived more billion dollar franchises than any other creator. He is the writer of the Amazing Spider-Man syndicated newspaper strip which appears in more than 500 newspapers worldwide. More than two billion comic books based on his creations have been published in 75 countries and 25 languages.

Another gift for my son, the illustrator. He loved it!

When I was 12 years old in 1978, my mother bought me Drawing Comics The Marvel Way to

improve my artistic abilities. But it is not enough to merely draw the comic. First, you must Write it. And this book is the guide by Stan The Man Lee himself about how to write in this medium. True Believers, this is the guide for you. Buy this book and Drawing Comics The Marvel Way and learn how to create art and literature. And hold on to these books because some day you'll have kids so you can hand these books down to them and continue another generation of creativity. Thank you, Mr. Lee, and the entire Marvel Bullpen for creating these works for us.

Stantastic

great new how to draw book!
