Customer Reviews

Perfect coffee table magazine!

This book is Fantastic!!! It tells you all about modeling agencies, what to wear on your interview, and how to tell if its legit, should you pay upfront, or not, & also how to create a professional modeling portfolio & much more!! Love the book!!

I briefly read most of the book and alot of it is true about today's industry. The only thing I didn't like was that they didn't include plus-size modeling in there. Not all models are 5'7" and weigh 110 lbs. But as far as getting an agent this was accurate.

Love the book! It's self explanatory. Covers all the basics and very easy to understand about how the modeling business works. Very helpful for people like me that are somewhat clueless about this infustry.

Great book

After downloading the app I checked it only to find blank pages. Not sure why it didn't work for me.

I just want to take this time to give this book am Big 5***** Review. I love the Authors honesty and his telling like it is. Author Bob Pudre surely has been so in formative, honest and his caring! this is a book I wish I had. When I was younger I dabbled in molding but all 3 times I was lied to, the people at the agencies made me feel fat and I was promised other layouts and it didn't happen. So I will be passing this well done book to my friends and family who have kids in modeling. Thank You....Author Rhonda Kay Hero

This book I thought was helpful, it showed the steps to take to become a model and the process of how it can be difficult, this book I beleive was well planned out. It shows you the up's and down's of

modeling and how modeling can open your eyes to a whole different world.
