Customer Reviews

While the concept and idea is very cute, the artwork is not very crisp. It looks very much like the pictures were traced, quickly and loosely. The corgi lines are crisper than the background, so they definitely look like they were cut and pasted with different resolutions. Again, it is a very cute concept. I am sure my mom will still enjoy coloring the cute Corgis, though.

Corgi fans, here is your coloring paradise. I bought this as a gift for my husband who is absolutely in love with corgis. The prints are high quality and super fun.

The pictures are just a bit fuzzy and the dogs look like they were added after to the sketches. The background images almost look like copies of copies that are not clear. It is certainly usable but a bit disappointing after ordering a similar price coloring book with corgis.

My sister loved this coloring book. She loves corgis and I bought it despite some of the previous bad

reviews saying it is not high quality...it's 7 dollars what do you expect? It's a good gift.

Very cute, I know my sister will love it..

Purchased as a gift and she just loved it!

Awesome!

Very pleased. The Birthday girl was excited.
