# 10 Fat Turkeys

## Synopsis

This silly rhyming story about ten turkeys teaches children how to count backwards. "Looky!" says a silly turkey swinging from a vine. Gobble gobble wibble wobble. Whoops! Now there are nine. Girls and boys will gobble up this hilarious story about ten goofy turkeys and their silly antics: swinging from a vine, strutting on a boar, doing a noodle dance, and more. Veteran author Tony Johnston has written a joyful text, which first-time illustrator Richard Deas brings to life as wild and wacky fun!

I bought the paperback version of this from my son's daycare because Thanksgiving was coming up. I figured it would be a fun holiday book. I was dead wrong. My son (who was 4 months old when

I bought it) has LOVED this book! He has loved it ever since I read it to him! If he sees it, he wants me to read it to him. When he's fussy on the changing table, I start quoting the book to him and he settles down and starts giggling! This book is still his favorite book (he's now 11 months old), and we've read it so much that I was THRILLED when I saw it was sold on as a board book! Now we don't have to try and keep his little hands off it--he can turn the pages himself, and he often likes to flip through the book by himself as well. If I could I'd give this book 10 stars! Aside from my experience with the book, the drawings are very cute and bright colored, the writing is also very clever and keeps any child's attention. There isn't really a "moral" to the story or anything like that. It's just one of those nonsense books that rhyme and kids love--combine that with the very cute pictures, and this book is a sure fire winner!!

Countdown books are great for my 3 year old currently. This one starts from 10 which I like versus some of the songs or books which go down from 5. This was my daughter's favorite Thanksgiving book this year. It isn't particularly seasonal so it could be used year round. The turkeys are funny and illustrations are great. A fun book.

The 10 Fat Turkeys by Tony Johnson is a great story that teaches children how to count backwards from 10. The illustrations are well done and very colorful. I love to give my great niece and nephew books and 10 Fat Turkeys was an awesome choice. I gifted the book to them for Thanksgiving, so it fit perfect to the occasion. Thank you Tony Johnson for your awesome book.

grandsbild loved this book.
