The Laser's Edge: Revealing A New, Safer And More Effective Arthritis Treatment With No Side Effects

Synopsis

This book strips away the misconceptions about medical care for arthritis and reveals a safer and more effective treatment. If you are one of the millions of people suffering from Arthritis, this could be the most important book you ever own. On the surface, The Laser's Edge appears to be about a new and advanced arthritis treatment, but it goes much deeper than that. Arthritis is the leading cause of disability in the United States. Two out of three Americans will develop arthritis symptoms and just about all of them will go to their medical doctor first. This practice increases health care costs and exposes patients to the hidden dangers of today's health care system, unnecessarily. Among the very real dangers is death: 106,000 patients die every year from non-error, adverse effects of prescription drugs and there are 12,000 deaths a year as a result of unnecessary surgeries. The Laser's Edge will open your eyes to an entirely new way of treating arthritis without the risks of addictive medications, steroid shots or surgery. It provides hope for anyone who has been suffering from pain, and suffering from the experience of going to specialist after specialist without relief. The revolutionary treatment outlined in this book has helped countless patients avoid risky surgery and eliminate the need to take dangerous drugs. This book has the potential to change, maybe even save, your life.

Book Information

Paperback: 180 pages

Publisher: Advantage Media Group; 1 edition (August 15, 2013)

Language: English

ISBN-10: 1599324237

ISBN-13: 978-1599324234

Product Dimensions: 6 x 0.4 x 9 inches

Shipping Weight: 8.8 ounces (View shipping rates and policies)

Customer Reviews

Dr. Jeremy Alosa, DC was born in Boston, MA, where he received his bachelor's degree in Exercise Science at the University of Massachusetts. He then moved to Los Angeles, CA to attend

Los Angeles College of Chiropractic. Upon receiving his doctorate degree in Chiropractic he moved to Honolulu, HI. He currently owns and operates The Arthritis Laser Treatment Center in Honolulu where he sees 75-100 new patients a month. He was the first doctor in Hawaii to treat arthritis using a class IV 15-watt powered laser. His success treating thousands of arthritic patients inspired him to write this book. He can be reached at www.DrAlosa.com.
