The Minions Of Time (The Wormling)

Synopsis

“Nothing special” is the best way to describe Owen Reeder—at least that’s what he’s been told all his life. When a stranger visits his father’s bookstore, Owen’s ordinary life spirals out of control and right into a world he didn’t even know existed. Owen believes the only gift he possesses is his ability to devour books, but he is about to be forced into a battle that will affect two worlds: his and the unknown world of the Lowlands. Don’t miss the exciting conclusion to the Wormling series (Book 5, *The Author’s Blood*).

"Before the Great War shall come a time that shall seem like the end, for the Wormling will be consumed with fire from above and the enemy will rule for a short time in the Lowlands. It will signal only the coming of the Son, the rightful heir to the throne." Throughout his search for the King's Son, Owen has been eager to see who will be the one to unite the Highlands and Lowlands. Once Owen discovers his identity, will the Son be ready for the challenge? Will he be prepared to battle the Dragon and win? Owen has always believed his only gift is his ability to devour books, but the battle he finds himself in will affect two worlds: his and the Lowlands. Join Owen as the Son is revealed.

This book parallels the end of time prophesied in our precious Bible. It has some interesting

applications to our times as well. With all the fighting and Gore it is made for male readers.

As the books have progressed the author seems to have corrected some of his writing flaws. The story is fantastic. It speaks of simple people becoming great things in God. It shows that the weak are strong and the strong are weak. It's a fight against evil and goodness, and lots of scriptural similes. Very good. The writing style gets better with each book. Dig in. I think u will enjoy !!!!

Minions of time being the 4th book of the wormling series, i believe was a great success. Jerry B. Jenkins and Chris Fabry have continued there great work for the next book in the wormling series. This book has great and very well discripted writing and is a great book for a great price, i would highly recomend the wormling series to any fiction fantasy lovers out there.Over all i really enjoyed it. There were a few moments where the writers talked a bit to much, or they bored me, but besides that its a pretty great book. And you enjoy detail then i recommend it even more. Pick up the wormling series to see where this compelling story begins and ends.

I read this serie with my daughter, and we loved those books. The story is inspiring.

A truly captivating story! I found myself staying up late and getting up early just to read! I am a 41 year old adult and I was able to share this book with both my fourteen and 11 year old sons. We spent countless hours reading and discussing the story, it was a great way to bond with my boys. I pray that God will continue to bless you both that you may continue creating such wonderful stories that teach and uplift all who are fortunate to read them.

I got the first book in this series as a free download. It was so good I purchased all the rest including this one. Great fantasy novel. Although it's written for teens and pre-teens, as a grandmother, I truly enjoyed every book. My only regret is getting the Kindle version because it's easier to loan the hard copies and I want to share them with everyone.

a great read

I got this for my son for Christmas. He was so excited to get this and the rest of the series that he sat down and read them all in 2 days!!LOL So, if you are a teen or are raising a teen, this is a wonderful Christian series to read with him. It then will give you plenty to talk about with your

son....which is what we do in my home. Thanks for a great series Jerry & Chris!!
