Customer Reviews

Author tells how Catholic Church is a pillar of truth and fire.

Basic truth ... highly recommended!!

Great small carry on book to read and learn .

An Excellent Read for ALL Catholics!

Nice!

Simple plain readings, easy to follow, and quite meaningful for a man of Catholic faith that can mean so much.

"Pillar of Fire, Pillar of Truth" is a quick read, and well worth it. I'm trying not to describe this book as a summary of our beliefs, but it's hard not to. Then again, it wasn't meant as a summary and, furthermore, it's not a summary. What comes to mind is not so much what Catholics believe, but more of what the world sees as what makes a Catholic a Catholic. This book talks about the

sacraments, the structure of the church including the papacy and the bishopry, the communion of saints, Tradition versus tradition, the Magisterium of the Church, and other visible features of the Church (the Magisterium is the teaching authority of the Church which is, after all, a visible feature). You might be wondering who this book is for, given the description I just gave you. If you're a Catholic, then this book will seem like a summary, but then the book goes one better and helps you understand why the above features are in the Church. If you're not a Catholic, and you've wondered why Catholics have the above features in their Church, then this book will answer those questions briefly. Brief is the keyword here; it's a short book. Not because the subject-matter is simple and short, but because the authors wanted to make it available and undaunting to everyone. And in that goal, they succeeded.

Sometimes trying to find the quick answer in the Catechism of the Catholic Church may take some time (unless you know exactly where it is), but with this booklet you will be supplied with quick basic answers to common questions about the Catholic Faith, Tradition, and Church. Plus, if you are searching for the more in depth answers this booklet gives the section of the Bible or Catechism of the Catholic Church from where it is cited. This 30 page booklet is so easy to read that you could read it on your lunch break (assuming your lunch break isn't just ten minutes of course). If you've ever wondered if Catholics are 'born again', what is confirmation, why Catholics call priests "father", what's in a Eucharist, what is anointing of the sick, or are curious why Catholics believe in Sacred Tradition alongside with the Bible...then this booklet is a must have for you.

This little booklet is the best compilation of the essential truths of Catholicism that I have come across. It provides both an easy way for non-Catholics to familiarize themselves with the Catholic Church as well as an excellent refresher course for Catholics. It is succinct, clear, and filled with supporting statements from Holy Scripture and the Catechism of the Catholic Church. No evangelist should do without it!
