Forgiven (Book 3, The Watchers Trilogy)

Synopsis

In the finale to The Watchers Trilogy, Lilly and Brand prepare for their wedding and search for more clues to uncover Luciferâ™s plans for her. With the help of her fallen angel friends, Lilly must face the ultimate battle between good and evil to decide the fate of both Heaven and Earth. This is a young adult novel which contains some violence and mild sexual situations.

Customer Reviews

An amazing conclusion to the Watcher Trilogy. SJ West has a way of weaving a story that

completely draws you in and Forgiven is no different. In this final installment to the trilogy Lily has been tasked with the epic task of stopping Lucifer. What a journey it is as the characters continue to evolve and the plot thickens the story is addictive. As Lily and Brand's story comes to a close the battle is just beginning.

This story gripped me from the very beginning. We don't think of God's angels being castaways on this earth, and S.J. West has given us exactly that picture along with the great love that God has for all of his creation, even those who have strayed so far from Him that they don't believe they could ever be back in His good graces. Yes, Brand was unbelievable sappy when it came to Lilly, but we have to remember that he was alive when all of the great poets were. He was here on this earth through all of the great playwrights. He learned from the best, and he only had two loves in his entire existence. I didn't see some of the biggest events coming. I was surprised at how far Lucifer was able to stretch his power before he was stopped. It was exciting and even frightening at moments. Characters were sacrificed, and when they've become dear to you, it's always hard to see them go. The ending was unexpected and left the door open to another spin-off series, one that I've already bought by the way. Were there moments that were a little over the top? Yes. Was some of it a bit far-fetched? Definitely. But this is what makes great fiction. The author's research into her content was obvious and the story gave us answers I know that I had never even considered. I think that Ms West has a fantastic imagination, and the way she mixes it with the reality of our world is magic. I look forward to reading the next chapter in this saga. Thank you for the adventure.

Forgiven Book Three of the Watcher Trilogy By Author S.J. West Read 30 June 2015 An ending to her trilogy (or is it?) that didn't disappoint in any way, shape or form. As I read this last installment of the "Watcher Trilogy" I was taken through so many emotions that I truly thought I would not survive. I was thrilled by every last bit of the story. From the overwhelming feeling of love, friendship and a need to overcome and hopefully survive, to the horrible sadness that this was the end of being so involved with each and every character to the very end. All I could wish is for some how Author S.J. West would find a way to continue her amazing story for another few books. I was immersed into a truly riveting world that kept my attentions for the last 3-4 days. I truly felt like I was losing loving and important people from my life..... Absolutely genius is all I can say of the talented S.J. West. I searched to see what else she has written, not ready to let go of my attachment to my new found characters to find to my surprise that she has written a continuation 4 book series. I am downloading the first installment to this series right away. But before starting the next series (even though it is a

continuation) I had to re-read this Trilogy once more and I did!!! I felt like I was reading it for the very first time, the way it struck the cords of my emotions so hard..... A definite 5 Star read!!!

There are two other books (KMM's Immortal Highlander and Linda Howard's Cry No More) that come to mind that touched me the way this book has... and in saying that, Forgiven and the entire series in general, surpassed even those on an emotional level. If I could describe who/how God is, it would be EXACTLY the way SJ West portrayed Him in this book. The counsel that He gives Lilly in her dreams brought tears to my eyes several times. The Christian myths and legends the author writes about are fascinating! I'm also completely stoked to know that she is giving Malcom his own story!! It says a lot when I have a hard time rooting for the Hero because I am (personally) infatuated with his competition! *sigh* SPOILERThe strip tease Malcom performs for Lilly... WOW!!! Talk about hot and bothered... ;)Read this series! It is well worth the money and time you'll invest. I'm actually mourning the ending of Brand and Lilly's journey... oh, well. We'll see them again in the The Watchers Chronicles. Reading those now :)

Wow what an ending of an incredible trilogy. "Forgiven", book three of The Watchers Trilogy by S. J. West, is a ride of emotions. You will feel everything that the characters go through and it is totally worth it. Lilly and Brand are amazing duo and with the faith in each other and in God fights to the end with the final battle with Lucifer. The supporting characters, Malcolm, Will, Tara, Utha Mae, and even Cora, Lilly's mother become stronger characters in this final book. As a reader you really develop a sense of forgiveness, loyalty, family strength, and love in this book. S. J. West did an amazing job with the Watcher's Trilogy. Don't miss this series.

Excellent ending to a fabulous series. This is by far....one of the best Angel series I have had to pleasure of reading. I will definitely be re-reading the whole series again!! I wasn't ready to say goodbye to Brand and Lilly and their family and friends!!

This book was an exciting ending to a wonderful series. As the world is close to an end and the fabric that separates Earth, Heaven, Hell, and the Universe is becoming thin Lilly is growing into the part that many never thought she could. She still has the core of strong angelic family and friends, but she gains so much more in this book.Lucifer is still after her to carry out his plans. However what he doesn't know is that love conquers all.This is such a great a book. It is dry well written. I can't wait to read. The spin off of these books.

Very good wrap up to the story. I do really like how the author writes the books to where you can choose to continue or nod in the series. At the same time if you're really curious like me, you'll choose to go on.
