Books That Build Character: A Guide To Teaching Your Child Moral Values Through Stories

Synopsis

Here is a family guide to classic novels, contemporary fiction, myths and legends, science fiction and fantasy, folktales, Bible stories, picture books, biographies, holiday stories, and many other books that celebrate virtues and values. There are more than 300 titles to choose from, each featuring a dramatic story and memorable characters who explore moral ground and the difference between what is right and what is wrong. These books will capture your child's imagination, and conscience as well-whether it is Beauty pondering her promise to Beast, mischievous Max in *Where the Wild Things Are*, the troubled boys of *Lord of the Flies*, generous Mr. Badger in *The Wind in the Willows*, or the courageous struggles of such real-life characters as Frederick Douglass and Anne Frank. With entries arranged by category and reading level, there is something here for all readers-from preschoolers to teenagers-whatever their tastes may be. Each entry features a complete plot summary and publisher information so that you can find the book with ease in your local library or bookstore. It's not always easy to teach a child the difference between right and wrong, but stories-whether they are based on fantasy or rooted in real life-can speak to children more eloquently than any list of dos or don'ts and can impart moral values as they nurture a child's imagination.

WILLIAM KILPATRICK, Professor of Education at Boston College, is the author of four previous books, including *Why Johnny Can't Tell Right from Wrong*, and is a frequent lecturer to university and parent audiences. Gregory and Suzanne M. Wolfe created *The Golden Key*, an award-winning children's book catalogue. Gregory Wolfe is editor and publisher of *Image: A Journal of the Arts & Religion*. Suzanne M. Wolfe is at work on her first novel.

All parents should have this book. It is a great guide for finding good books in the library for all school ages!

Good overview of interesting reading in keeping with various themes.

Very helpful !

Excellent resource for homeschooling.

Great book. I look forward to using it through the years.

This is an excellent book. It has chapters on various aspects of rearing as well as an annotated list

of recommended books. The emphasis on the role of stories in building character is so true and valuable. This is a great resource for any family.

My children are great readers, (I taught them using Hooked on Phonics) but keeping up with their unending demand for new books is a full-time job. This book is a great help, it offers quality books my children love with values and ideas I want to expose them to. The reason I did not give it 5 stars is I have had trouble locating some titles.

I am still slowly working through this book, but have been impressed by the scope of books summarized. The book lists are extremely helpful during my searches for additional literature for my kids. Kilpatrick and Wolfe's summaries have created give a great overview of each book reviewed, which is such a time-saver for a busy mom. Kudos!
