Torts And Compensation, Personal Accountability And Social Responsibility, Concise - CasebookPlus (American Casebook Series)

Synopsis

As a part of our CasebookPlus offering, you'll receive a new print book along with lifetime digital access to the downloadable eBook. In addition, you'll receive 12-month online access to the Learning Library which includes quizzes tied specifically to your book, an outline starter and three leading study aids in that subject and the Gilbert® Law Dictionary. The included study aids are Torts in a Nutshell, Acing Tort Law and Exam Pro on Torts, Objective. This version is newly streamlined for professors who teach a four-unit course or who want to cover fewer pages per day yet retain complete coverage. This edition tracks the standard edition but pares chapters down to their essentials. It cuts an additional 300 pages of cases and notes, and occasionally trims cases to a shorter format. This edition also omits chapters concerning economic and dignitary torts, and some material concerning alternatives to tort law. The result is a substantially shorter casebook that nevertheless provides the coverage most teachers want.

Book Information

Series: American Casebook Series

Hardcover: 763 pages

Publisher: West Academic Publishing; 8 edition (July 19, 2017)

Best Sellers Rank: #817,843 in Books (See Top 100 in Books) #202 in Books > Law > Business > Torts #8229 in Books > Textbooks > Law

Customer Reviews

Be careful when ordering. This is the concise version, your professor may require the full version. Otherwise a fine casebook.

The differences between editions are not worth the heftier price tag. Buy the book for one cent.

Some decent wear and tare but that must mean it was used well!

Terrible textbook. Teaches legal theories not taught in 1L torts classes (such as misuse of government procedure), and avoids clarifying laws that are unclear (such as the gulf of differences in strict liability elements between 2nd and 3rd restatements). If a Torts professor is reading this and deciding on a casebook for their class: please refrain from Dobbs and go with Prosser, for the sake of your students.

Delivered as promised.

A bit dry, but I have Bublick so we use it in class enough for the purchase to have been worth it. Overall a pretty good textbook. Fast shipping. OK Condition.

Too much highlighting- there was some highlighting in my civil procedure rental but not near as much as in this Torts book. I feel like I am looking at a rainbow of highlighting.

The book was a complete mess when I got it. The binding was completely worn and falling apart. It was difficult to use because of this.
