Customer Reviews

I went to Israel for business a few months ago knowing little about the country. I am going back in a few weeks and decided to order this as a travel companion. In reading through it, I have learned so much about the country, customs, what to see, what to do, etc. It is loaded with useful information and will be extremely handy to have along. I love the phrases that will help communicate in Hebrew and the suggestions on where to eat and visit. Easy to use, laid out nicely, very useful and up to date. Highly recommend.

I purchased this travel guide for my Kindle in preparation for my trip to Israel. It served me and others on the tour very well. If you want up-to-date maps, Hebrew phrases, history, what to be mindful of, etc - this book has it. I really appreciated how well-organized and complete the authors made this book.

I used this on a recent private 2 week tour to Israel and it helped provide additional insight from a different perspective. I do recommend and would purchase again.

Comprehensive and with great tips on what to do and what to see. Not much information on wildlife. Good value for money. Recommended!
