Experiencing Remedies (Experiencing Series)

Synopsis

Experiencing Remedies is designed for the general 2L or 3L remedies class. It integrates skill-based exercises and problems within a traditional casebook framework. Each chapter is accompanied by a fact-specific problem that asks the student to apply the legal principles of the chapter to the facts involved to reach and defend a conclusion or course of action. The text, then, serves to survey the law of remedies and review many of the traditional 1L subjects in a new light while providing the opportunity for the instructor to engage the students in oral or written discussion of problem analysis and solving.
