The Old Testament: A Historical And Literary Introduction To The Hebrew Scriptures

Synopsis

Lucidly written by leading biblical scholar Michael D. Coogan, this balanced, engaging, and up-to-date introduction to the Hebrew scriptures distills the best of current scholarship. Employing the narrative chronology of the Bible itself and the history of the ancient Near East as a framework, Coogan covers all the books of the Hebrew Bible, along with the deuterocanonical books included in the Bible used by many Christians. He works from a primarily historical and critical methodology but also introduces students to literary analysis and other interpretive strategies. A FREE 6-month subscription to Oxford Biblical Studies Online (www.oxfordbiblicalstudies.com)--a \$180 value--is included with the purchase of every new copy of this text. SAVE YOUR STUDENTS 20%! Customer Reviews

"Outstanding. The Old Testament's main strengths are its breadth of coverage, thoroughness, excellent illustrations, and sidebars. I find the writing style to be engaging and clear."--Sidnie Crawford, University of Nebraska-Lincoln

Michael D. Coogan is Lecturer on Old Testament/Hebrew Bible at the Harvard Divinity School and

the Director of Publications for the Harvard Semitic Museum. He is the author of *A Reader of Ancient Near Eastern Texts* (2012), *A Brief Introduction to the New Testament, Second Edition* (2011), and *The Old Testament: A Very Short Introduction* (2008), all published by Oxford University Press.

This book is excellent at giving thorough explanations of Old Testament issues, themes, perspectives, etc.. Very easy reading and plain English. Excellent resource for students of the Old Testament.

There is a whole lot of material here for a one volume textbook so it can't be totally comprehensive. But, I think this book does a very good job covering the material in a rather comprehensive way -- even when dealing with less known books that aren't even part of many canons. I cannot fully judge the content since I am not an expert but it seems overall valid. The copy obtained was had a bit too much highlighting, but remember that was a problem when I was in school! It is overall also readable for the average person though some of it might be above the head of those with no knowledge of some of the material.

This is a college-level textbook that is well written and should appeal to any reasonably intelligent person who would like to know more about how the Old Testament was created. It is definitely not boring or tedious. The illustrations and maps are extremely useful and informative. I highly recommend this book for anyone with an open mind and an interest in Biblical history.

This book was purchased as part of a class on the Old Testament. Very well written and very easy to follow it gives you abundant amounts of research on the Old Testament and the history of its writings. Very interesting to see some other points of view about when and who and how they feel the bible was written. Gives me more of an appreciation of the Jewish faith and its origination. It points out repetition throughout several books of the bible. Things that the average reader of the bible would not realize the significance of the repetition. Very interesting and knowledgeable. I recommend it to anyone seeking further insight to the Old Testament.

This is a **MUST Have** for all pastors and students of theology. It seems to be very much up to date in scholarship and research. No wonder it is required by some schools of theology as a basic text for Old Testament studies. (Stephen Harris' textbook is good, but I believe this one is even better and

even easier to read.)

A very thorough text. The historic details offer tremendous insight into the Old Testament.

Though this was the most pricey book I bought, it was a good book and I look forward to years of reading and research.

A thorough, engaging, accessible and academically remarkable study of the Old Testament.
