Cursive Handwriting Practice Workbook For Boys

Synopsis

This Cursive Handwriting Practice Workbook for Boys is designed to inspire boys's interest in learning and practicing cursive handwriting. Boys enjoy reading boyish phrases like "faster than light" or "play hard" and sentences like, "Infinity is a cool concept," or "Make an obstacle course." Exercises like these help to make learning fun, whether in the classroom or at home. This workbook focuses on writing phrases and sentences in cursive in three parts: Part 1 has mostly short phrases. Students copy and trace the words. The phrases become longer in Part 2. There are a couple of sentences and shorter phrases in Part 2, also, such that the transitions are not too abrupt. Students copy and trace the words. Part 3 advances onto sentences. At this stage, there is no tracing. May your students or children improve their handwriting skills and enjoy reading and writing these boyish phrases and sentences.

My son did the for boys writing book (a couple of years ago) and he liked it, so he asked for this one. He said it was too hard for him, he is 10. The sentences are great really boyish, but it is for those that already know how to write the letters of the alphabet in cursive, if you know nothing about cursive, this is not for you, because it starts with words. I think if it had the letters by themselves at the beginning and then words, then sentences, then he may have tried to do it. He got frustrated, because he did like the sentences and words inside the book. So I am going to wait and make him do some letters first. The pages don't come off for copying. The book has 129 pages divided into different sections.

This is an amazing homeschool resource to get boys engaged with cursive handwriting. We plan to continue to use Julie Harper's resources.

This is a good practice for those kids who don't love to cursive. Interesting phrases and sentences for boys. Not the same old copy work. Lots to choose from in this book. We don't necessarily go in order from front to back but pick and choose.

Subject line pretty much says it all. it works well for my 13 year old who is needing to learn cursive writing.

This is a great book for boys. Lots of pages and good sentences. As soon as we're done learning the alphabet, my grandson will be practicing what he's learned in this book. He can't wait to be finished with the third grade cursive book so he can start this one. (he is 13).

I wanted my kids to keep using cursive throughout the summer. This book is great! I have my kids do a few pages a day.

For a 12 year old grandson who HATES writing, great for extra help.

A workbook my grandson finds interesting enough to use.
