Customer Reviews

Centered on Perigueux, this French-made map covers the Dordogne at a scale of 1:200,000. One Side. 48x35 inches. 1st Edition 2010

Specific to the region. Very clear and easy to comprehend. An appropriate scale for working out itineraries and distances. It will be put to great use during our visit to the Dordogne.

These are a fine series of maps for the regional traveller. For local hiking, get the ING Serie Blue, which has every little sentier.
