I probably should have looked into this book more before buying it. I thought it was entirely creative prompts. I could have done without the autobiography.

This was for my girlfriends niece, she liked it a lot.

Book is great. My teenage daughters love this book and it is a great gift for others!

I purchased this for my daughter and she LOVES book! Each page gives suggestions of how to be creative in your expression. High quality pages and so much fun to use. My daughter also likes the author, Kristina Webb.

very goog

Awesome book for budding artists. This gal is so sweet and unphased by her fame. Her mom and sister attend the book signings and are just as pleasant. A fabulous gift.

Thought this book would be mostly creative challenges, not just a story about Kristina, but I looked it all the same. Thought the story was cute, and the book is so fun!

Absolutely amazing book! I'm not the biggest fan of Kristina Webb, I bought it to get out of my art block, and I have to say, it's working! This book is fantastic!
