Customer Reviews

"Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." — Chicago Tribune
"The best option | Color photos, maps, and diagrams bring the place to life." — The Philadelphia Inquirer

Very practical travel guide: you get very quickly a good overview of places of cultural or practical interest. The way the countries are presented is especially good: regional maps with places of interest referred by numbers that you find easily in the following text. The texts themselves are neither too long, nor too short. Also nice pictures, which may help you to decide whether you should visit a place or not.

I started using DK Travel about eight years ago. I have traveled out of the country at least once a year after that. These are so superior to the other travel books, that they are all I buy!. They have lavish pictures and illustrations and make you very aware of the things you should not miss. The book is organized to answer all of your travel questions, from what to pack to how to change your money. Other travelers have seen my books with me, and have immediately bought them, too.

Good book, but I wish it was a separate book on each country and went into more in-depth detail. It helped with our trip to Cambodia but was not essential.

We always purchase one of these Eyewitness guide books before we travel somewhere, and we have a stack of them. We are never disappointed with them. This book covers a lot of territory and does a good job of preparing you for a visit.

DK Travel Guides are in my opinion the best travel guides due to their structure/ layout and explanation of historical monuments, complete with plans of key sites..

Really helpful for the first-time traveler, or if you have been before. Lots of useful information, great photos.

came as expected

Clear, simple, with maps !Should have more information about hiking trail/area.
