## Customer Reviews

I think Budapest is one of the most inexpensive but unique place to visit which made it very ideal for travellers to add on their list of places to go to. *Budapest Travel Guide*•

recommended the best spots in Budapest to have the most unforgettable travel experience. It provided the *must-haves*™ and *must-do*™ before and while travelling. It also gave lists of the best places in Budapest which you can add to your itinerary while in the city, there actually plenty of beautiful sites to choose from which will also suit your budget. Two interesting things I have learned from this guide is that the Budapest main areas are on either side of the Danube River and their currency is Hungarian Forint. This book shared good information that can help you familiarize and prepare yourself for your trip. A must have for people who are planning to visit Budapest.

Would you like to travel to Budapest? A City covered with a kind of mystic magic; *A* busy, vibrant city of intrigue that may have once been behind the Iron Curtain, but is now a city we find embracing change• as author describe it. I love travel and Budapest is one of my check list pending destines, its architecture, a dinner with the Danube as scenario, make the perfect vacations. This is the perfect guide, combine fun, cultural and historic vacations, perfectly organized within 5 days. But not only includes 5 days plan, it also helps you to prepare before the trip with useful recommendations.

A very informative condensed guide. Very helpful especially with the hyperlinks to other useful

websites. It has a lot of good recommendations to restaurants too.

terrible. not comprehensive. no history or culture. A child could have written the first introductory chapter. mostly made up of stream-of-conscious notes, pointing the obvious tourist destinations that anyone would fall upon anyway. a complete waste of time.

You can never get sick of travelling, and you most certainly cannot get sick of visiting the European metropolises! Budapest is a beautiful city, with plenty of historical meaning to it, and it's a shame if you don't see it at least once in your life and this 5-day guide is the perfect platform on which you can build on and plan your adventure! I know I will!

I was trying to plan a vacation for my family. Then, a friend of mine told me to go to Budapest and recommended this book to me. This book has all the necessary information one needs to know before going to Budapest. Now, I know where to go in Budapest, what to see and what not. I have also made a budget for the family tour after reading this book. It has all the information about costs and expenses in Budapest. Moreover, this book has all the required contact information for the tourists. I'm definitely going to visit Budapest next summer.

This guidebook is barely useful. There are 3 restaurants and 3 hotels in the Bargain listings and another 3 in each Luxury listing. No map is included. Save your money and buy a better guidebook.

I wouldn't recommend this as a travel book to anyone. The information included is very basic and limited. Very few details about places to visit or how to get there. At best I would call this a completely useless purchase and at worst a scam based on the other reviews.
