ISBN-13: 978-0679750642

Product Dimensions: 4.6 x 0.8 x 9 inches

Shipping Weight: 1.2 pounds

Average Customer Review: 5.0 out of 5 stars 2 customer reviews

Best Sellers Rank: #2,712,063 in Books (See Top 100 in Books) #96 in Books > Travel > Europe > Greece > Athens #840 in Books > Travel > Europe > Greece > General

## **Customer Reviews**

It would be difficult to imagine more thorough travel guides than the offerings in this series. Indeed, Athens contains all you could possibly want to know about the Greek capital and environs, and much, much more. The supersufficiency of information could almost be a drawback for those seeking their facts in a hurry. Every conceivable aspect of Athenian culture, geography, and history is treated in text prepared by numerous specialists as well as academicians. Numerous excellent, highly detailed maps guide the tourist-traveler through the fabled sites within and around the city, with itineraries for walking tours provided for such attractions as the Acropolis, the Agora, and the port of Piraeus. Also covered are Cape Sounion, Corinth, Delphi, and islands of the Saronic Gulf. Superb photos and schematic drawings everywhere enhance the text but sometimes suffer from being too small. Recommended for public libraries. Edward B. Cone, New York Copyright 1995 Reed Business Information, Inc.

I purchased this guide book for my dad. He loves to travel and also has a nice library he has been trying to fill up. He told me how much he enjoys the Knopf guides for their information but also their great pictures so I went ahead and purchased guides for many of the popular cities and countries.

He has them all beautifully arranged on his library shelves. The spines of the guides look great!

I have just returned from Athens and was greeted by this beautiful just-released Knopf Guide. It was such a pleasure to revisit those sights I miss so badly - History, culture and the sights of Greece are presented in an easy-to-read, concise format, with superb graphic presentations. One almost feels like they are viewing the museums or ancient sites referred to within. This Guide is well-researched, fresh and definitely current !
