Stone Fox (Harper Trophy Book)

Synopsis

John Reynolds Gardiner's classic action-packed adventure story about a thrilling dogsled race has captivated readers for more than thirty years. Based on a Rocky Mountain legend, Stone Fox tells the story of Little Willy, who lives with his grandfather in Wyoming. When Grandfather falls ill, he is no longer able to work the farm, which is in danger of foreclosure. Little Willy is determined to win the National Dogsled Race—the prize money would save the farm and his grandfather. But he isn't the only one who desperately wants to win. Willy and his brave dog Searchlight must face off against experienced racers, including a Native American man named Stone Fox, who has never lost a race. Exciting and heartwarming, this novel has sold millions of copies and was named a New York Times Outstanding Children's Book.

This was a book I read to my 3rd graders as a read aloud. As I read the last few paragraphs I nearly broke down into tears in front of my students. You could hear a pin drop in my classroom. I had to

stop and pause for a few minutes before I could go on. When I finally finished the story a few of my children had tears in their eyes, but they held it together better than I did. What a heartfelt story!! We truly enjoyed it!

My 10-year-old nephew recommended this book to me. It is so authentic and such a well-told story. I bought a class set with my own money for my students because I wanted to share it with them and we cried together as we read it. I love that Gardiner didn't bend over backwards trying to make it politically correct. He depicted the true culture of the time and subtly showed racism without naming it, leading the young readers to their own thoughts.

My 9 year old daughter loves this book. I haven't read it yet but she started reading it in her classroom. I ordered it for her for Christmas since she loves it so much.

My grandson had to read the Stone Fox for his summer reading project. He needed the paper version as they will be using for school. The book came two days after ordering and he started reading it right away. The book is full of details about the boy and his dog, it gives great insight into the way people live that may not be as affluent as others. It is sad but true to the way of the world and how things work out sometimes. Good book

My son's fourth grade class read this for a book report. I bought it to read so we could talk about it, summarize it, write about it. I am happy that we will be able to discuss many aspects of this book about love, loyalty, perseverance, and determination!

Predictable with no depth.

My daughter read this book to me every day has one of her homework assignments. Normally I find it easy to tune her out but this book was actually intriguing. She only has to read for 30 minutes per night, but to be quite honest I couldn't wait to see what happened in the race at the end. I really like the story. It has a lot of moral value to it, as well as excitement.

My grandson loved it!
