Lonely Planet Scotland (Travel Guide)

Synopsis

Lonely Planet: The world's leading travel guide publisher Lonely Planet Scotland is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. Sip the water of life, whisky, in an ancient pub, trace the trails of the clanspeople fleeing Glen Coe, or play a round in St Andrew's, golf's spiritual home; all with your trusted travel companion. Get to the heart of Scotland and begin your journey now! Inside Lonely Planet Scotland Travel Guide: Full-colour maps and images throughout Highlights and itineraries help you tailor your trip to your personal needs and interests Insider tips to save time and money and get around like a local, avoiding crowds and trouble spots Essential info at your fingertips - hours of operation, phone numbers, websites, transit tips, prices Honest reviews for all budgets - eating, sleeping, sight-seeing, going out, shopping, hidden gems that most guidebooks miss Cultural insights give you a richer, more rewarding travel experience - castles, lochs & mountains, islands, literature, food & drink, museums, culture, wildlife, the land Free, convenient pull-out Edinburgh map (included in print version), plus over 50 colour maps Covers Edinburgh, Glasgow, Highlands & Islands, Inverness & the Central Highlands, Orkney & Shetland and more The Perfect Choice: Lonely Planet Scotland , our most comprehensive guide to Scotland, is perfect for both exploring top sights and taking roads less travelled. Looking for a guide focused on the Highlands and Islands or Edinburgh? Check out Lonely Planet Scotland's Highlands and Islands guide for a comprehensive look at all these regions have to offer; or Pocket Edinburgh a handy-sized guide focused on the can't-miss sights for a quick trip. Authors: Written and researched by Lonely Planet. About Lonely Planet: Since 1973, Lonely Planet has become the world's leading travel media company with guidebooks to every Scotland, an award-winning website, mobile and digital travel products, and a dedicated traveller community. Lonely Planet covers must-see spots but also enables curious travellers to get off beaten paths to understand more of the culture of the places in which they find themselves.

Customer Reviews

It's a very nice book with great explanations of must see sights.

Very useful guide and informative

I'm packing Lonely planet with me as usual for the trip. Lonely planet doesn't miss anything and has proved on other overseas trips to be more informative than any phone app. A book doesn't need a constant internet connection to work and that's a big plus when I'm traveling.

Scotland is a third of the land area of the United Kingdom, but with only five million people, it contains much open space and wild country. The hardy visitor can find many opportunities for outdoor recreation, whether trekking the Cairngorms or bagging the peaks known as Munro's, fishing for wild salmon or kayaking its lakes and rivers. Scotland has also its fair share of castles, museums and other sights, and some of the best golfing in the world. What's a visitor to do with so many choices? This Lonely Planet Guide to Scotland provides a very decent survey of Scotland and its offerings in under 500 pages, a compact format easily carried. The book opens with an introduction to Scotland, followed by chapters on the two big cities, Edinburgh and Glasgow. The following chapters explore Scotland by geographic area. The entries are pithy and opinionated, with a seasoning of pictures, maps and diagrams. There is a tear-out map of Edinburgh in the back, behind a section on practicalities. For the first time visitor, there is plenty of information to plan a good visit. Well recommended to that audience. And yes, that is the Hogwarts Train, also known as the Jacobite steam train in western Scotland.

This was the least useful Lonely Planet I've purchased. It had more about the places to stay and to eat than it did about the sights and history. Since travel by bus/train is difficult in Scotland, more information of how to get around if you hired a car would have been useful. There were a few good tips, however the maps were hard to read if you were changing regions. It would have also

benefited from some discussion of travel time between the different sights.

It is a very helpful book with lots and lots of information. For me I would have preferred a little more of the Sights and Activities and a little less on the Eating and Drinking and Shopping, but I'm sure some people will feel just the opposite.

Stuffed with great information, easily navigated and well organized. I am preparing to travel with my family for a few days and this book made my decisions more informed.

The book is in great condition, just the glue is weak on the front and the last page.
