Book was in very good shape, all but the little bit of a child's writing.

Needed this for school. Better price than our bookstore and nice, clean workbook. Thank you.

I bought a cheaper price but still a great quality im a happy customer. it will help with caring for patients and other things. dont judge a price by its cover. id recomend this to anyone

Books was scribbled in. Work was already done. It was so sloppy that I couldn't even write the questions on paper and then do them.
