Take This Job And Love It! Jim Harbaugh

Synopsis

Take This Job and Love It! Jim Harbaugh is packed with wonderful stories from Jim Harbaugh's friends, teammates, and colleagues celebrating an amazing life and career in football. At the press conference announcing his return to the University of Michigan Jim Harbaugh opened his speech saying: Throughout my life, I have dreamed of coaching at the University of Michigan, now I have the honor to live it. Based on the reception he received that day and since, it can be safely said that Wolverine fans could not be more pleased to see their former QB and now head coach living his dream.

Customer Reviews

Rich Wolfe is the author of Tony Gwynn, Da Coach, Ron Santo, Remembering Dale Earnhardt, and Wolfe has authored the best selling books in the history of Notre Dame, Chicago Cubs and nine other college and pro teams. He is the only person to appear on both Jeopardy and ESPN's 2-Minute Drill and is a former National Sports Team Trivia Champion. He resides in Paradise Valley, Arizona.

He loved the chapter about unorthodox recruiting tactics. So many great stories about sleepovers, tree-climbing, squirting pickles, jackhammers and shirtless, pasty, mumbling mental patients. It was a perfect, late-November "Welcome Home" for us both!

My son and ex-husband Michigan fans said this was an awesome 270 page read

Interesting style of commentary... The insight gained provides a basis for understanding the current Michigan Football program and its leadership. It's a "must read" for Michigan supporters.

Thoroughly enjoyed reading anecdotes by Harbaugh cohorts! Great stories about a great man!

great

M fans need this book

wait till 2016

This rating is based not so much on content but how the book was "written". I find it very surprising that the author was given credit for "writing" the stories in this book because they are simply told by former teammates, coaches, etc. My issue is, the stories read like a manuscript - how a person speaks, rather than how writing should occur. There are far too many phrases like "you know what I mean?", "like, whatever," and "I think it was 1984 or maybe 1985. No, wait a minute, it was 1984." And their stories bounce around from topic to topic with no set structure. Again, it's as if the author recorded stories on a voice recorder, then printed the manuscript. Makes for an uneven, frustrating read. The stories, however, are pretty good. I enjoyed the works of Mitch Albom and John Bacon much more than this.
