Mary Meinking grew up in Iowa and went on to graduate from the University of Kansas, where she met her husband-to-be, Scott. They married and had two children, Brittany and Benjamin. She works as a graphic designer during the day but writes for children at night. Her non-fiction articles were published in a dozen different children's magazines. Mary's written over two dozen nonfiction books about arts and crafts, extreme jobs, animals, pop stars and history. When not working, writing or hanging out with her family, Mary enjoys doing arts and crafts, baking, gardening and traveling. To learn more about Mary visit her web site: www.MaryMeinking.com

This was a Christmas gift for my almost 9 year old. He liked it but we found some of the origami was still a little hard for him.

It was good but some of the projects were a little ambitious for kids. I tried myself and although they're supposed to be "easy," it kept me on my toes. Probably better for older kids but a good book!

7 yr old loves this book

Easy to follow instructions. Something I can do with the kids that keeps their attention and is fun - great indoor activity.

If you're new to origami this is one of the better books to start with when it comes to learning the different types of folds and basic models. While this is supposed to be an 'easy' book for beginning origami students, be warned that some of the models aren't as easy as they initially look, as in the case of the tulips. However as a beginner guide to origami it's a good book for anyone to have and use to get a foundation for the various folds and things that you can create with a sheet of folded paper.

Tell fortunes, fly high, and have fun with a piece of paper! Mary Mienking offers this book, jam packed with easy origami projects that you can make with only a piece of paper! Turn a boring Saturday into a fun 7 hours of paper folding fun. What I liked about this book: The instructions were so easy! What I disliked about this book: Some of these creations were impossible for me.

Good company i ordered from and the book was ok
