Anxiously awaited Refuge Planet part two and was not disappointed. Having introduced most of the main characters and an unusual setting in Refuge Planet Part 1 ÄfÄcÃ ¬Ã œ Part 2 wastes no time in picking up the action and proceeds at a fast pace from alien invasion to ÄfÄcÃ ¬Ã “evictionÄfÄcÃ ¬Ã • of the Human Race. I read the book at one sitting staying up much later than usual as the narrative kept me fascinated. I can't say too much without giving away the very original plot line, lets just say Mr. Godley's take on the alien invasion theme is refreshingly original and took me completely by surprise as did his imagining of other alien worlds and beings and the human race's humble place in the universe. I cared about the characters and this helps draw one in to the story. The author can convey violence and horror in sparse prose that leaves no doubt in your imagination how this eviction plays out. The ending was both chilling, giving me some goosebumps, and yet in a way hopeful that humanity might yet learn the ultimate lesson and come home. Highly recommended.

very creative...a much faster pace than the first book; a rather abrupt ending obviously a cut off for the next book

This book was an intriguing, inventive, enjoyable read! The author takes the concept of alien invasion and turns it on its head, resulting in a spectacular novel which captures your curiosity and ignites your imagination. I can't wait to see what's in store for future books!

Thank you D D Godley for a series that's fantastic and fun to read. I am already willing to pre-order. A new fan!

This did not seem to be a novel written for adults.. Great for middle school.
