...[A] good character-building book to help children begin the process of discerning right from wrong; good from bad; strength from weakness. (Erica's Muse blog) Gordonâ™s gently goofy cartoons are always fun, portraying an idyllic existence that includes lots of outdoor adventures, an impressive array of pretend play props, an improbably expressive teddy bear, and a pet dog with superhero aspirations of his own. (Publishers Weekly) From making blanket capes to cardboard spaceships, this book is a nostalgic romp through a childâ™s imagination. Funny and charming, with a great message about being an everyday hero, it will surely win the hearts of youngsters and their adult

counterparts. Bright, interesting, and comical illustrations with whimsical touches highlight the text well. (School Library Journal)Coyle's rhyming couplets keep the question-and-answer narrative rhythm rolling, and Gordon's cute cartoon-style kids keep up the appeal with lots of visual KAPOW! (BooksForKidsBlog)Little boys and girls that are gobbling up my Batman and Spider-Man (yes, girls read comic books, too) will love this title, and I think their parents will find a warm, comfortable book to share with their children. I have a feeling this title will fly off the shelf. (Outside of a Dog Blog)Super heroes inspire wonder with their amazing feats, but what about everything else? Do Super Heroes Have Teddy Bears? is a children's picture book from Carmela LaVigna with art from Mike Gordon. [The book follows] a young boy [who] ponders what super heroes face in their everyday lives as he tries to embark on his own adventure of saving the day and living life simultaneously. Do Super Heroes Have Teddy Bears? is a fun read-along storybook for parents and children; highly recommended. (Midwest Book Review)

Carmela LaVigna Coyle, author of the popular Do Princesses book series, is super pleased about her latest book for boys and girls alike. Her son Nick, with his fearless plush shark, Swimmy, was always creating something adventurous out of cardboard. She recalls, "And off we'd go, saving the world inside Nick's &#39;hi-tech&#39; spaceships and submarines." Now, she's hoping children everywhere will discover that being a super hero may not be all that far-reaching after all. She lives in Denver, Colorado. He lives in Santa Barbara, California.

Same author of "Do Princesses Have Best Friends Forever?" So I have high expectations for this book. And I think this is a perfect read for little boys. I wish there was more about Boys and Teddy Bears, but there is only one mention of the bear. Although the bear is in every illustration. I do like the idea of being a Super Hero for the earth in the end. It was a good environmental nod. I like this book. Not as much as the Princess book, but it is still really good. I would recommend this book for 3+ years

Great story to go along with the class bear that the children take home and journal about on the weekend. This years bear is pink with a spiderman costume. I hope the book and costume will help the boys not shy away from it. :)

I bought this as a gift for my nephew, who was turning 3. He was having a super hero party, which made this book sorta perfect. And by sorta, I mean really, because he loves his teddy bear. This is the same child who appeared at the top of the stairs in a Batman mask saying he didn't need to take a nap anymore because now he was Batman. Yep. Perfect book.

I have bought this book three different times for 3 different little boys in my life. The story is adorable and has become a favorite for all 3!

Super cute, very sweet book I donated to my daughter's class. She loved it and the teacher has reported that it has become a favorite among the young readers.

Princess books are awesome because so many girls are into the princesses. A lot can be learned from this type of book. Manners and how we should act are shown in this book.

This Book is ridiculously cute. My Son and my daughter both loved it!

Such a sweet series and perfect for the kiddos. This is our third book from this author, and I can't wait to see what she writes next. Happy with the purchase. Perfect gift for a birthday boy age 3-6. My new favorite by her is, Do Princesses have Best Friends Forever??
