Customer Reviews

A very well thought out and enjoyable read. Has some good characters who are memorable. This is really a fast read. Only a couple of hours to read.

I adored this fast paced, quick romance. Callie is heading for a tropical island resort for her friend's wedding. Trouble is, Callie isn't feeling too excited. Her life has just taken a nose dive with a break up and some unexpected news that she's still processing. To say that she's not in the best of moods would be a vast understatement| in fact Callie is

acting rather nasty to those around her, unlike her usual self. Now she's discovered that the last leg of her travels means getting into a tiny plane that looks like it will fall apart over the ocean. No how, no way " even if the pilot is beyond sexy. Not gonna happen. Wade has made the run from the airport to the island so many times he could do it in his sleep now. Yet this rude, spoiled rich chick is determined to not get to the resort if she has to ride on his plane. Customer's always right but that doesn't mean he can't have a bit of fun at her expense. Until he touched her and realized she was his mate. What?? How could his leopard think that this mean, rude woman could possibly be his forever mate? In answer, his leopard simply purred. That changed everything and Wade now has to figure out what to do next. While in flight to the resort their plane's engine catches on fire. Wade made a crash landing on a deserted island, saving their lives but putting them out of communication with the rest of the world. Left alone with only each other to depend on, Wade and Callie will soon discover that all is not as it seems. And leopards rarely are wrong about their mates. Leopard Print Love is a delicious, quick read so to say much more would be giving away major plot moves. This is a fun, sexy story with a few surprising twists. Sometimes I simply want to read something that's fun without complicated plot lines. I enjoyed this one and whenever you're looking for something fun and funny and sexy to pass some time with " this story fits the bill perfectly. I read this story through my Kindle Unlimited subscription. For ten dollars a month you get access to thousands of really great stories across all genre, and the authors get paid for you reading the story through to the 100% mark. It's a win-win. Probably the best 10 bucks I spend a month.

I loved this story by J. M. Klaire. It was so worth reading. Callie was on her way to a friend's wedding in paradise on an island. When she sees how small and rickety his plane looks she refuses to get on it. This part was hilarious, cause she refused to ride in it at first. Now the hot pilot of the said plane Wade it was good to go. When he first saw her and shook hands with her his panther just knew they were meant to be together. Naturally, the plane hits a flock of birds and they go down on their own private island, which was wonderful to me, because there's nobody to get in their way while they're falling in love. I was captivated through the whole thing, not to mention that the author puts a whole new, and unique, spin on carrying someone else's baby. I actually didn't see it coming. I received this book free for an honest review and have to say I loved it and want to read more by this author.

I absolutely loved this book! Callie was a no nonsense girl. She was so hard because she had been used by a man and dumped. She hated flying but she had to get to her friend's wedding. When she

found out the plane she was getting to get there was ragged, she said no way. Wade was the only pilot that flew to the island. When he saw Callie, he started seeing their future together. His leopard knew she was their mate and he had to convince her to stay. Fate has a way of making things happen. Wade decides to help her by flying lower. It causes them to crash on a deserted island. Now he has plenty of time to find out why she acted like she did and hopefully find love. This was quite the adventure story. I couldn't stop reading it. I loved how they finally came together and Callie figure out she loved Wade and his leopard. I received this book in exchange for an honest review.

I loved this book. It starts out like a firecracker then there is a little adventure and ends up sweet and sensual. Very well written and enticing. I could not put it down!. I would love for J. M. Klaire to write another story like this. Wade is easy going and flies a old plane to and from the island that Callie needs to get to. She is a bridesmaid in her best friend's wedding on an exotic island. Her gut is saying no when she sees the plane. Her head prevails though and she takes the chance which starts the love story. I read this story in a matter of hours as I was caught up in the story from the very beginning, Callie's attitude & behavior had me laughing out loud from the first page! Wade was refreshingly "human" for a shifter and I simply fell in love with their characters as they fell in love with each other. I love the fact that Wade wanted to get to know Callie even as his Leopard insisted that she was their Mate and that he should just claim her. Truly an enjoyable read.

Callie, scared to death, was to travel to her friend's wedding. She was afraid of flying and what was ahead of her. When she met the pilot and looked to the small plane she was ready to bolt. Wade, the pilot, can't believe what his leopard told him, they had found their Mate and she was refusing to board his plane. This was an interesting story that appealed to emotions. Callie was cynical and jaded by her own circumstances. She thought life had not been fair with her. Wade was a shifter, sexy, noble and committed to his mate no matter her past but he would have to show her he was the one for her. Was she ready for him? The story had suspense, hot sex, a woman regretting her past and a shifter wanting to settle down. The chemistry between the characters was there all the time and we had narrations and descriptions pointing toward the development of a strong bond between Callie and Wade. Liked the story line and how the author handled the loose ends and wrote a good story with lovely end.
