Exactly what I needed to remember games I loved to play ages ago and am now teaching friends and neighbors to play.

This was a gift for my daughter and her husband who have small children and needed some two player games they could play at home in the evenings. (Nothing like having the rules on hand so that you can say "SEE HERE" it says you can't do that!)

This is a great book!!! I got it for my son who loves to play cards and he said , in a word, AWESOME! He has learned a dozen new card games and says the rules are clear and understandable. Thanks for making his day!!

The collection seems comprehensive, but it's difficult to access the various games. You have to flip to the index at the end of the book to get the entire list, which then can take you to the game in which you're interested. It would be better to have the list at the front of the book and also to have the list separated into categories of games -- such as two player games, party games, solitaire, etc. -- not just in an alphabetical listing.

Some retired women in an independent living retirement facility decided we wanted to play card games we had played many years ago. So when we met and couldn't remember all the rules, I ordered "Hoyle's.." and it has served us well. We play twice a week and have a lot of fun. But watch out Google and other guides that can answer questions directly.

Not quite as organized as I had hoped for...

Great Book! Great Price! Rocks :-)

Has been very helpful
