I Hate Everything

Synopsis

I hate that I'm going bald. I hate that I still make fun of bald people. I hate karma. Amateur haters, step aside. Time to learn what it really means to be miserable. Because this guy hates everything. From hating the little irks that happen now and then (like the water that squirts out of the mustard bottle) to hating the unfortunate realities of today's world (like that superheroes don't exist...but villains do), Matthew DiBenedetti tells readers how he really feels. With such a variety of miserable musings, you'll find something to laugh at—and someone to loathe with—in this book.

Customer Reviews

Matthew DiBenedetti is an equal-opportunity hater. After working in the advertising industry for over twenty years, how could he not be? Matthew has worked on corporate marketing campaigns for everything from major sporting good brands and financial institutions to bookstore chains and fine china. He lives and loathes in New Jersey.

I hate that I have to review this book and give it 5 stars

Bought a used copy, could have been a little neater considering I bought a "like new" one but over all good. It was a gift for a pessimistic friend, I thought it was funny, he thought it was a bit of a reality check for how grumpy he feels about life. Small doses are better but dry, dark, or sarcastic humor lovers should enjoy this book.

Love this book. Funny and right on point. Says most things we would normally like to say.

Great, little book. Perfect gift for my favorite hater.

I hate this book! Well, not really. It definitely is a clear reminder of all the things a person can hate or does hate. Might make you rethink what you think!

I got this for my best friend and she loved it. She was reading it and just shaking her head "yes" as she read along. I flipped through this as well and pretty much found myself agreeing too!

Good fun but more for adults than good humored kids

Gift recipient loved the book
