Secrets To Reveal (Highland Wolves) (Volume 1)

Synopsis

Every heart holds a secret, but some are harder to reveal than others...Â England, 1812. Aster Simmons lives a quiet and orderly existence working as a secretary and indulging in her love for puzzles--until her routine is disrupted by the arrival of an impertinent Scotsman who lounges around her office like an overgrown dog. The heated glances he casts her way make her think very non-routine thoughts.Â Hamish Logan, captain in the Highland Wolves, has been given a mission to protect the man working on a coded list of traitors. If the Wolves are ever to have the same rights as ordinary men, he has to prove to those in power that a wolf can be civilised. The only problem is the fascinating secretary, who makes his wolf rise to the surface and makes him want to do very uncivilised things.Â When the traitors strike, Aster flees with a wolf in pursuit. But can she determine who is behind the plot against England before she forfeits her heart and her life?

Customer Reviews

Tilly drinks entirely too much coffee while watching old re-runs of Buffy the Vampire Slayer. She likes to think of her novels as the love child of Jane Austen and Joss Whedon. Possibly the copious amount of coffee might be responsible for the strange waking dreams in which monsters roam the ballrooms of Regency London and ladies of the ton are seduced by vampires and selkies.
