Customer Reviews

Like all Moon Publishing books this one offers a detailed account of Colorado. With everything from Geology to the best watering hole in the town you may be heading for. Great back road trips, camping, and fishing info. It is a must if you are planning to visit the state!

This title is lacking in content compared to the other Moon Handbooks and is focused on winter sports and shopping. If you are interested in other activities or seasons, you may be dissatisfied.

OK, the author is more into mountain biking and skiing rather than hiking. Not as good as moon press's Arizona book and northern California book
