Promise Me Love: A Romantic Suspense Novel

Synopsis

****Note**** This book was formerly called *When Darkness Falls*. The authors gave it a new cover and title to more accurately reflect the content of the book. Fast-paced suspense meets sweet romance in this touching and tender clean love story. Interior designer Chloe Kensley tries to put her life back together after her fiancé, Dan, is killed. But that's not easy, considering she's seeing his ghost. Is she imagining things, or is Dan reaching out to her? Needing a fresh start, Chloe takes a glamorous new design job in Salt Lake City, where she gets caught up in a love triangle with two very different brothers—Garrett, the charming, playful younger brother and Hank, her straight-laced boss. But there's more to the brothers than meets the eye. Chloe unwittingly becomes the pawn in a perilous game of intrigue and betrayal. Will the ghosts of the past prevent Chloe from finding true love, or will the promise of a new love shine through in the end? Includes bonus excerpts of *I Know You'll Find Me* by Jennifer Youngblood, *Pass Interference* by Cami Checketts, and *Rescue Me* by Taylor Hart.

Customer Reviews

This book has an interesting story line. It has more of a plot than most romances and that kept me reading. However, there are so many misused cliches and immature expressions that I thought it must have been a first book written by two young girls, until I read the biography above. I am a writer myself, so I can imagine how a bad review may hurt, but these gals really need to read a few hundred good books themselves, and get a good editor! The book is classified as "Christian" but it is Mormon. Chloe had given up on religion and faith. The book is about her finding it again along with solving crimes, seeing a dead person all the time, choosing the wrong man again, and finding a husband who was a reformed criminal. Prayer is a main emphasis in the book, and prayer is definitely important in the Christian life. But prayer for prayer's sake isn't the point; it is the One to whom we pray that matters! I don't think there was any mention of God or Jesus to whom the prayers were directed. The puzzling thing to me is, the one who advocated prayer the most was the one who stole or borrowed things without asking and who, generally, was the least Christian of any character in the book. Some of the expressions that drove me nuts, were: "Her nerves were jumping on ends..." "Darbie started chewing on her inner jaw.." (you many chew your cheek or your lip, but not your inner jaw!) "intricate rod iron encased the light fixtures..." (wrought iron) ""Calamari? Isn't that..." "Octopus," he finished." (Calamari is squid, not octopus; they are 2 different species!) "...your subconscious mind keeps drudging him up." (Used numerous times, the word should be dredging.) "Chloe's blood turned solid..." (???) "Garrett fought the urge to wretch.." (should be retch) "didn't seem phased in the slightest." (should be fazed) "Tears pressed against her eye sockets, and she blinked to keep them at bay." (Just weird!) "The wind was rustling his hair..." ("rustling" is a sound, as of dry leaves) "Bradford gave her a firm shake." (handshake) . There were many more and numerous grammatical and spelling errors. I'm wondering if their Mormon friends were the ones who gave them so many 5-stars. I'm sorry to be so picky, but we have standards to uphold!

Southern romance, charm, and suspense - yes, please! I adore me some Southern stories. The South is my second home. But I also adore the Rocky Mountains and the gorgeous state of Utah - so double win for the setting of this lovely book. The writing was spectacular, I couldn't stop turning the pages, and the romance was swoony and unpredictable! Can't wait to read more from these authors.

Great stuff. I loved the suspense and romance in the story. Sometimes family members can be a pain....but they are still blood. I loved the next door neighbors too. Great ending. When will we get to read more about the characters. Keep up the great writing.

This was. Quick and easy read. Story flowed well and characters were well developed I had one issue with the book, I just could get her seeing a dead fiancé...don't believe it can happen, but this didn't take away or add to the story

This was a GREAT book!! It was full of suspense, drama and romance thrown into the mix. You cannot put this down. It kept you guessing from start to finish. I would recommend it to anyone. Wonderful author

Oh my gosh! Kept me in suspense from the opening sentence. Couldn't set it down. Looking forward to the next in the series. Everyone needs to read this. Love these two.

Oh my gosh... I loved this book. Couldn't put it down. Constant new twists that I wasn't expecting. It's a must read. Can't wait to read more of Jennifer's books.

Had a hard time getting into this one. On my third try it finally took hold of me. It was an ok read and a good love story.
